## REPORT

The Department of Mechanical Engineering conducted a **Certificate course on ANSYS Workbench** in association with Vernier Design Solution, Pune from 26/07/2016 to 16/08/2016. The resource person for this certificate course was Mr. S. M. Khomane from SVERI's COE Pandharpur. In this certificate course the student got the detail knowledge about ANSYS Workbench and its various applications in the field of academics, research & industry. Domestic and industrial applications of ANSYS Workbench with practical on Mechanical application have been covered in this certificate course. **Total 40 students of B.E. Mechanical participated in this certificate course.** All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

**The Course outcomes for this course are:**

- 1) Student got the knowledge about which are the new opportunity available for Job/business in  
*ANSYS Workbench.*
- 2) Student understood the application of ANSYS Workbench.

## REPORT

The Department of Mechanical Engineering conducted a **Certificate course on TATA Distance Ready Engineer (DRE) from Jan 2017 to Mar. 2017**. The resource person for this certificate course was Mr. Matin Shaikh from SVERI's COE, Pandharpur. In this certificate course the student got the detail knowledge about new trends and techniques in *Mechanical Engineering CATIA V5 R18 with* hands on practical and which are the new tools plans available in upcoming days for the Mechanical Engineer in the field of Mechanical Design and Modeling. Domestic and industrial applications of *CATIA V5 R18 with* practical on Mechanical Automotive parts have been covered in this certificate course. **Total 79 students of B. E. Mechanical participated in this certificate course.** All the faculty members from Mechanical department worked actively for the successful completion of certificate course.

**The Course outcomes for this course are:**

- 1) Student got the knowledge about which are the new opportunity available for job in **Mechanical Engg. Sector.**
- 2) Student understood the application of *TATA Distance Ready Engineer (DRE)*.

## REPORT

The Department of Computer Science and Engineering conducted a **Certificate course on Big Data with Spark from 19/01/2017 to 28/01/2017**. The resource person for this certificate course was Mr. Ashutosh Joshi, Sagetic, Pune. In this certificate course the student got the detail knowledge about Big Data with Spark. Domestic and industrial applications of Big Data with Spark with practical on Computer Science and Engineering application have been covered in this certificate course. **Total 141 students of B.E. CSE participated in this certificate course.** All the faculty members from Computer Science and Engineering department worked actively for the successful completion of certificate course.

**The Course outcomes for this course are:**

- 1) **Student got the knowledge about which are the new opportunity available for business in Big Data with Spark.**
- 2) **Student understood the application of Big Data with Spark.**

Sub: Report of Certificate Course on "Arduino & PCB Design".

Respected Sir,

The Certificate Course on "Arduino & PCB Design" is conducted for TE students from 22<sup>nd</sup> August to 27<sup>th</sup> August, 2016. In the training, the experts have covered the practical concepts of Arduino Programming and Students have designed some sample circuits on PCB. Total 51 students were taken benefit of this course. We have received good Response from the students and they gain Knowledge for their Future Project.

Thank you,

Yours faithfully,

### One Page Report

The Department of civil Engineering conducted a certificate course on Hands on Experience on Design of Steel structure using STAAD-PRO software from 10/07/2016 to 19/07/2016. In this certificate course the student got the detail knowledge about new trends of STAAD-PRO software which is helpful for analysis and design the structural plan easily than you could by hand also STAAD-PRO that is automatically converted into the analytical model for your structural analysis. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. Total 78 students of B.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

- 1) Student got the knowledge about which is the new opportunity available for business in construction sector.
- 2) Student understood the application of STAAD-PRO.

### One Page Report

The Department of civil Engineering conducted a certificate course on Hands on Experience on Design of Steel structure using STAAD-PRO software from 17/01/2017 to 26/01/2017. In this certificate course the student got the detail knowledge about new trends of STAAD-PRO software which is helpful for analysis and design the structural plan easily than you could by hand also STAAD-PRO that is automatically converted into the analytical model for your structural analysis. The files can also be easily saved and stored in the cloud, so they be accessed anywhere at any time. Total 78 students of B.E. civil participated in this certificate course. All the faculty members from civil department worked actively for the successful completion of certificate course. The Course outcomes for this course are

- 1) Student got the knowledge about which is the new opportunity available for business in construction sector.
- 2) Student understood the application of STAAD-PRO.
