## Approval Letter for Project

Date: - 05/03/2023

Dear Students,

I hope you are doing well.

I want to inform you that the head has approved your project "**STUDY AND DEVELOPMENT OF FRONT WING OF F1 CAR USING CFD**" By the company's director. We hope your project brings growth and development.

In your project, you mentioned that it will take two months to complete the project. We wish you all the best to accomplish the task. You will need to regularly submit reports regarding the project's progress and how it is being completed.

We wish you all the best, and may this bring a good name to the company.

Authorized Signatory,

Yours Sincerely,

Ms. Chetna Patil

Dear Sir,

I am writing to inform you about **completion of the sponsored project** undertaken by your final year B.Tech. (Mech. Engg.) students. This letter serves as an acknowledgment of the successful completion of the project.

**Project Title:** Development of and Fabrication of Onion Storage Unit.

**Project Students:**

1. Swapnil Basavraj Mashalkar
2. Rohit Somnath Dhotre
3. Mukesh Laxman Natikar
4. Nikhil Rajkumar Pawar
5. Nikhil Babasaheb Shinde

**Project Guide:** Dr. Sandeep S. Wangikar

Throughout the project work, your team of engineering students worked diligently to achieve the project objectives and deliver the desired outcomes. We are pleased to inform you that the project was completed within the timeline and met all the specified requirements.

We believe that this project has not only enhanced your students' technical skills but also provided them with a deeper understanding of real-world engineering challenges. The knowledge gained through this experience will undoubtedly contribute to your students' future professional endeavors.

Thank you.

**Sub: -About getting Sponsored Project.**

Dear Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per our Final Year B. Tech. (Mechanical Engineering) syllabus, In Semester-VIII, students/project groups are expected to undergo internship in any industry for minimum 120 days from 27<sup>th</sup> Feb., 2023 onwards and should complete a project sponsored by the same industry. They should observe various activities/processes/functions those are happening in industry for getting exposure & knowledge. Based on this, they should prepare a project report, which will be submitted to college.

Following mentioned our students are interested to do their project work with your esteemed organization. We request to provide necessary support to them. We assure you that student will complete the project in time without disturbing your scheduled work. The names of the students are as follows:

**Name of Student:**

- |                             |                              |
|-----------------------------|------------------------------|
| 1. Suhas Nagnath Nashte     | 3. Prathamesh Prashant Patil |
| 2. Shanaishwar Balaso Misal | 5. Pratik Rajkumar Chandole  |
| 4. Kunal Balasaheb Shete    |                              |

**Name of Project Guide:** Mr. D. T. Kashid

Such activity will really bridge the gap between industry & institute for further strengthening the relations resulting in powerful academic environment.

We will be grateful to you always.

Thanking you.

Yours faithfully,

HEAD,  
Dept. of Mechanical Engg.

During the internship following mentioned students will work on sponsored project titled Design and Analysis of Evaporator.

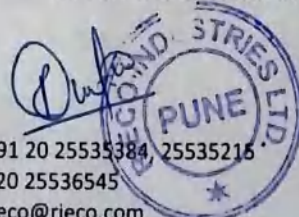

We hope student will complete the project on time. The names of students are as follows.

1. Shivani Rameshwar Nane.
2. Rutija Vinayak Kapase
3. Komal Tanaji Gangthade
4. Pooja Mohan Kapare

Name of Project Guide: Prof. P. A. Dhavale

This activity will bridge the gap between industry and institute further strengthening the relations resulting in powerful academic environment.

A Wholly Owned Subsidiary of Sudarshan Chemical Industries Limited

Date: 19.06.2023

**CERTIFICATE**

It is certified that following students of SVERI's College of Engineering, Pandharpur has successfully completed their project "Design and Analysis of Evaporator" in our organization. The names of the students are as follows:

1. Shivani Rameshwar Nane.
2. Rutija Vinayak Kapase
3. Komal Tanaji Gangthade
4. Pooja Mohan Kapare

Name of Project Co-ordinator: Prof. D. T. kashid

During the period of their project we found them sincere and hard working.

We hope them having bright future.

Sub: About approving Sponsored Project

Respected Sir,

I received your letter and I am glad to inform you that, we are allowing your students for undergoing the internship in our company. During this internship, following mentioned students will work on Sponsored Project titled **"Design and Fabrication of oil skimmer"** we hope that students will complete their project on time.

Name of students:

1. Gaurav Shivaji Ghaytidak
2. Sainath Navnath Kharade
3. Soham Ganesh Overikar
4. Moajjam Salim Mulani
5. Sujit Sudhakar Mane

Name of project guide: Dr. R. R. Gidde

Such activity will really bridge the gap between industry and institute for further strengthening the relations resulting in powerful academic environment.

Abhishek Jodmote

SVERI College,  
Pandharpur

We are pleased to appoint you as a **GRADUATE ENGINEER TRAINEE** on the following terms and conditions for a period of 6 months.

1. You will undergo training for a period of 6 months starting from 15 Mar 23.
2. You will be reporting to **Group Leader, Engineering of Vehma Engineering Solutions (India) Private Limited.**
3. Your monthly gross stipend will be **INR 23,000/-** as per the rules of the Company.
4. On completion of the above said period, your training deemed to be completed. No separate letter of termination would be issued on completion of the training period. A separate offer letter will be issued, should we decide to offer a contract / permanent position.
5. You will be required to attend training in designated shift and shall abide by the instruction of your superiors in matters pertaining to the training as well as the rules of discipline either existing or extended from time to time.
6. During the tenure of your training with the company, you will be liable to be transferred to any Department/Section of the company or at any other place where the work of the company is carried out. You shall also be liable to be transferred to such establishments, which may newly be established after your joining the company. You will be covered by the rules and regulations and the terms and conditions applicable at the place where you shall be posted/transferred/deputed.
7. You will be eligible for twelve (12) paid Casual Leaves for a year. One leave will be allotted to you every month. Leave needs to be availed in the same month and will not be carry forwarded.
8. You will be entitled to get National and Festival Holidays as per company's policy applicable to other employees of the organization.
9. The company will provide you the following assets, tools and facilities that would enable you to meet the training objectives based on the requirements.
  - a. Assets and Tools- A laptop/desktop, etc. as may be required from time to time to discharge your duties and responsibilities and in line with company's policy. The cost of these assets and tools will be borne by the company and these assets and tools will continue to remain as the property of the company. You are required to ensure proper upkeep and maintenance of these assets and tools.
10. The letter of training is being issued to you on the clear understanding that there is nothing on your past record which would have prevented the Management from offering you on job training. If however, it is found at any time hereinafter that your past record is objectionable or if any declaration given by you or statement made by you to the management is false or if you have willfully suppressed any material information, in such a case you will be liable to be removed from the services of the company forthwith without any notice.
11. Your position is whole time trainee with the company and you shall not take up any other work or remuneration part time or otherwise without prior permission of the management.
12. You will also not work without written permission of the company elsewhere with or without remuneration in your spare time in any capacity whatsoever.
13. In the event you desire to take any educational course, it shall be binding on you to take permission from the company at least 3 months before starting the same.

14. You shall observe strict secrecy regarding the business of the company and shall not divulge directly or indirectly or disclose to any person any particulars or details of our manufacturing process, technical know-how, security arrangements, administrative and/or organizational matters of a confidential nature.

You shall also not publish any written articles, deliver any talk, or give any interview on any subject related to the company without prior permission of the company.

15. You shall be responsible for safekeeping and return in good condition and order, the company's property, which may be in your use/custody/care or charge. The company reserves the right to deduct money value of all such items from your emoluments and/or take such action as it deems proper in the event of your failure to account for them to the satisfaction of the company. As a trainee, you are responsible to work safely and in compliance with company's policy and to report all unsafe and unhealthy conditions. Violation of any of the safety rules laid by company in serious cases may result into termination.

16. On your completion of training period, there is no guarantee of regular employment to be offered to you however, if there is a need in the company the final selection will be based on organizational/ department needs, individual performance and competence during the training period, which will be communicated to you in writing.

In the case, the above terms and conditions are acceptable to you; please sign the duplicate copy of this letter in token of your acceptance.

Gaurav Karande

SVERI College,  
Pandharpur

We are pleased to appoint you as a **GRADUATE ENGINEER TRAINEE** on the following terms and conditions for a period of 6 months.

1. You will undergo training for a period of 6 months starting from 15 Mar 23.
2. You will be reporting to **Group Leader, Engineering of Vehma Engineering Solutions (India) Private Limited.**
3. Your monthly gross stipend will be **INR 23,000/-** as per the rules of the Company.
4. On completion of the above said period, your training deemed to be completed. No separate letter of termination would be issued on completion of the training period. A separate offer letter will be issued, should we decide to offer a contract / permanent position.
5. You will be required to attend training in designated shift and shall abide by the instruction of your superiors in matters pertaining to the training as well as the rules of discipline either existing or extended from time to time.
6. During the tenure of your training with the company, you will be liable to be transferred to any Department/Section of the company or at any other place where the work of the company is carried out. You shall also be liable to transferred to such establishments, which may newly established after your joining the company. You will be covered by the rules and regulations and the terms and conditions applicable at the place where you shall be posted/transferred/deputed.
7. You will be eligible for twelve (12) paid Casual Leaves for a year. One leave will be allotted to you every month. Leave needs to be availed in the same month and will not be carry forwarded.
8. You will be entitled to get National and Festival Holidays as per company's policy applicable to other employees of the organization.
9. The company will provide you the following assets, tools and facilities that would enable you to meet the training objectives based on the requirements.
  - a. Assets and Tools- A laptop/desktop, etc. as may be required from time to time to discharge your duties and responsibilities and in line with company's policy. The cost of these assets and tools will be borne by the company and these assets and tools will continue to remain as the property of the company. You are required to ensure proper upkeep and maintenance of these assets and tools.
10. The letter of training is being issued to you on the clear understanding that there is nothing on your past record which would have prevented the Management from offering you on job training. If however, it is found at any time hereinafter that your past record is objectionable or if any declaration given by you or statement made by you to the management is false or if you have willfully suppressed any material information, in such a case you will be liable to be removed from the services of the company forthwith without any notice.
11. Your position is whole time trainee with the company and you shall not take up any other work or remuneration part time or otherwise without prior permission of the management.
12. You will also not work without written permission of the company elsewhere with or without remuneration in your spare time in any capacity whatsoever.
13. In the event you desire to take any educational course, it shall be binding on you to take permission from the company at least 3 months before starting the same.

14. You shall observe strict secrecy regarding the business of the company and shall not divulge directly or indirectly or disclose to any person any particulars or details of our manufacturing process, technical know-how, security arrangements, administrative and/or organizational matters of a confidential nature.

You shall also not publish any written articles, deliver any talk, or give any interview on any subject related to the company without prior permission of the company.

15. You shall be responsible for safekeeping and return in good condition and order, the company's property, which may be in your use/custody/care or charge. The company reserves the right to deduct money value of all such items from your emoluments and/or take such action as it deems proper in the event of your failure to account for them to the satisfaction of the company. As a trainee, you are responsible to work safely and in compliance with company's policy and to report all unsafe and unhealthy conditions. Violation of any of the safety rules laid by company in serious cases may result into termination.

16. On your completion of training period, there is no guarantee of regular employment to be offered to you however, if there is a need in the company the final selection will be based on organizational/ department needs, individual performance and competence during the training period, which will be communicated to you in writing.

In the case, the above terms and conditions are acceptable to you; please sign the duplicate copy of this letter in token of your acceptance.

3. Your monthly gross stipend will be **INR 23,000/-** as per the rules of the Company.
4. On completion of the above said period, your training deemed to be completed. No separate letter of termination would be issued on completion of the training period. A separate offer letter will be issued, should we decide to offer a contract / permanent position.
5. You will be required to attend training in designated shift and shall abide by the instruction of your superiors in matters pertaining to the training as well as the rules of discipline either existing or extended from time to time.
6. During the tenure of your training with the company, you will be liable to be transferred to any Department/Section of the company or at any other place where the work of the company is carried out. You shall also be liable to transferred to such establishments, which may newly established after your joining the company. You will be covered by the rules and regulations and the terms and conditions applicable at the place where you shall be posted/transferred/deputed.
7. You will be eligible for twelve (12) paid Casual Leaves for a year. One leave will be allotted to you every month. Leave needs to be availed in the same month and will not be carry forwarded.
8. You will be entitled to get National and Festival Holidays as per company's policy applicable to other employees of the organization.
9. The company will provide you the following assets, tools and facilities that would enable you to meet the training objectives based on the requirements.
  - a. Assets and Tools- A laptop/desktop, etc. as may be required from time to time to discharge your duties and responsibilities and in line with company's policy. The cost of these assets and tools will be borne by the company and these assets and tools will continue to remain as the property of the company. You are required to ensure proper upkeep and maintenance of these assets and tools.
10. The letter of training is being issued to you on the clear understanding that there is nothing on your past record which would have prevented the Management from offering you on job training. If however, it is found at any time hereinafter that your past record is objectionable or if any declaration given by you or statement made by you to the management is false or if you have willfully suppressed any material information, in such a case you will be liable to be removed from the services of the company forthwith without any notice.
11. Your position is whole time trainee with the company and you shall not take up any other work or remuneration part time or otherwise without prior permission of the management.
12. You will also not work without written permission of the company elsewhere with or without remuneration in your spare time in any capacity whatsoever.
13. In the event you desire to take any educational course, it shall be binding on you to take permission from the company at least 3 months before starting the same.

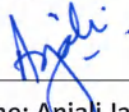

14. You shall observe strict secrecy regarding the business of the company and shall not divulge directly or indirectly or disclose to any person any particulars or details of our manufacturing process, technical know-how, security arrangements, administrative and/or organizational matters of a confidential nature.

You shall also not publish any written articles, deliver any talk, or give any interview on any subject related to the company without prior permission of the company.

15. You shall be responsible for safekeeping and return in good condition and order, the company's property, which may be in your use/custody/care or charge. The company reserves the right to deduct money value of all such items from your emoluments and/or take such action as it deems proper in the event of your failure to account for them to the satisfaction of the company. As a trainee, you are responsible to work safely and in compliance with company's policy and to report all unsafe and unhealthy conditions. Violation of any of the safety rules laid by company in serious cases may result into termination.

16. On your completion of training period, there is no guarantee of regular employment to be offered to you however, if there is a need in the company the final selection will be based on organizational/ department needs, individual performance and competence during the training period, which will be communicated to you in writing.

In the case, the above terms and conditions are acceptable to you; please sign the duplicate copy of this letter in token of your acceptance.

Sub: Summer Internship

Dear Mr. Swapnil,

We are happy to inform you that, based on the interview & discussions held in March-2023 and April-2023, you have been selected for undergoing Internship in our Organisation on the following terms and conditions.

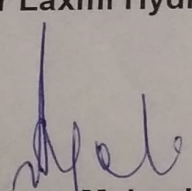

1. You will undergo internship in our **"Sales & Marketing"** Department with effect from 13/04/2023 to 30/06/2023 (till your final year exam in 2023).
2. As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through hands-on application of the knowledge you learned in class.
3. The Internship certificate will be issued to you on successful completion of the internship. In the event of discontinuation during the middle of internship period, no certificate will be issued under any circumstances. After successful completion of GET you will be eligible for Jr. Engineer position on Permanent Role on the basis of performance.
4. During interns you will get Rs. 7500/- pm as a stipend.
5. There will be no employer and employee relationship during the internship period.
6. During internship you will not be eligible for any statutory benefits like PF, ESI, Bonus, Leave etc.
7. We will offer you're as a GET after your final year exam 2023 for a period of six months and you will be paid Rs. 15000.00pm (Cost to the company).
8. We will confirm your employment with us as "Jr. Engineer" on the basis of performance and salary will be paid as per our Company Compensation and Benefit policy

Frame - by - Frame  
Now a complete range  
of LT Motors  
available up to  
1000kW / 450 Frame

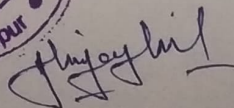

9. In case of any dis-obedience/misbehaviour/misconduct during the internship period, the internship will be terminated immediately with intimation to the College.
10. During the internship period you should carry out the assigned work with utmost confidentiality. You should not share confidential information about our business to third parties or anyone.
11. During the internship, you will maintain highest level of honesty, integrity, secrecy & confidentiality and you will not use or divulge or disclose any such confidential information.
12. 95% of attendance should be put in during the internship period for successful completion of internship.
13. Our Company will be not responsible to provide any boarding & lodging and only transportation will be provided (designated place) during the internship period.
14. You are hereby directed to read this letter in full and on agreeing with the above terms.

Please sign and return duplicate copy of this letter as a token of your acceptance.

**Nikhil Pawar**

SVERI College,  
Pandharpur

We are pleased to appoint you as a **GRADUATE ENGINEER TRAINEE** on the following terms and conditions for a period of 6 months.

1. You will undergo training for a period of 6 months starting from 15 Mar 23.
2. You will be reporting to **Group Leader, Engineering of Vehma Engineering Solutions (India) Private Limited.**
3. Your monthly gross stipend will be **INR 23,000/-** as per the rules of the Company.
4. On completion of the above said period, your training deemed to be completed. No separate letter of termination would be issued on completion of the training period. A separate offer letter will be issued, should we decide to offer a contract / permanent position.
5. You will be required to attend training in designated shift and shall abide by the instruction of your superiors in matters pertaining to the training as well as the rules of discipline either existing or extended from time to time.
6. During the tenure of your training with the company, you will be liable to be transferred to any Department/Section of the company or at any other place where the work of the company is carried out. You shall also be liable to be transferred to such establishments, which may newly be established after your joining the company. You will be covered by the rules and regulations and the terms and conditions applicable at the place where you shall be posted/transferred/deputed.
7. You will be eligible for twelve (12) paid Casual Leaves for a year. One leave will be allotted to you every month. Leave needs to be availed in the same month and will not be carry forwarded.
8. You will be entitled to get National and Festival Holidays as per company's policy applicable to other employees of the organization.
9. The company will provide you the following assets, tools and facilities that would enable you to meet the training objectives based on the requirements.
  - a. Assets and Tools- A laptop/desktop, etc. as may be required from time to time to discharge your duties and responsibilities and in line with company's policy. The cost of these assets and tools will be borne by the company and these assets and tools will continue to remain as the property of the company. You are required to ensure proper upkeep and maintenance of these assets and tools.
10. The letter of training is being issued to you on the clear understanding that there is nothing on your past record which would have prevented the Management from offering you on job training. If however, it is found at any time hereinafter that your past record is objectionable or if any declaration given by you or statement made by you to the management is false or if you have willfully suppressed any material information, in such a case you will be liable to be removed from the services of the company forthwith without any notice.
11. Your position is whole time trainee with the company and you shall not take up any other work or remuneration part time or otherwise without prior permission of the management.
12. You will also not work without written permission of the company elsewhere with or without remuneration in your spare time in any capacity whatsoever.
13. In the event you desire to take any educational course, it shall be binding on you to take permission from the company at least 3 months before starting the same.

14. You shall observe strict secrecy regarding the business of the company and shall not divulge directly or indirectly or disclose to any person any particulars or details of our manufacturing process, technical know-how, security arrangements, administrative and/or organizational matters of a confidential nature.

You shall also not publish any written articles, deliver any talk, or give any interview on any subject related to the company without prior permission of the company.

15. You shall be responsible for safekeeping and return in good condition and order, the company's property, which may be in your use/custody/care or charge. The company reserves the right to deduct money value of all such items from your emoluments and/or take such action as it deems proper in the event of your failure to account for them to the satisfaction of the company. As a trainee, you are responsible to work safely and in compliance with company's policy and to report all unsafe and unhealthy conditions. Violation of any of the safety rules laid by company in serious cases may result into termination.

16. On your completion of training period, there is no guarantee of regular employment to be offered to you however, if there is a need in the company the final selection will be based on organizational/ department needs, individual performance and competence during the training period, which will be communicated to you in writing.

In the case, the above terms and conditions are acceptable to you; please sign the duplicate copy of this letter in token of your acceptance.

### **INTERNSHIP CERTIFICATE**

This is to certify that **Mr. Anand Tatyaba Shelake** from SVERI's College of Engineering Pandharpur has completed internship successfully in our organisation from February 27, 2023 to June 27, 2023 as Intern.

He performed all tasks assigned to him efficiently and extensively by applying his knowledge. He displayed professional traits during his internship period and managed to complete all assigned tasks as requested. He was hard working, dedicated and committed. It was a pleasure having him with us in this short period.

We wish him great success in life...!

## Industrial Visit Report

Date: 08/03/2023

To,  
The Principal,  
SVERI's College of Engineering,  
Pandharpur.

Subject: Report of Industrial Visit.

Name of Industry with address: 1. Dattachhaya Chain Pvt.Ltd. Gokul –Shirgaon MIDC.  
2. PR Engineering Work, Gokul –Shirgaon MIDC.  
3. Sunil Group of Industries, Gokul –Shirgaon MIDC

Date of Visit: 19<sup>th</sup> November to 20<sup>th</sup> November 2022.

Respected Sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y. B.Tech Mechanical Engineering Semester-I Industrial Hydraulics& Pneumatics, CAD&CAM & Metrology subjects include industrial visit. In this regard 90 students along with 07 faculty members visited to Dattachhaya Chain Pvt.Ltd, PR Engineering Work& Sunil Group of Industries, Shirol MIDC, and Kolhapur on 19<sup>th</sup> & 20<sup>th</sup> November 2022.

During visit we had seen various CNC, VMC machine and Hydraulics & Pneumatics Circuits for Different Application from these visit students got practical knowledge about CNC, VMC Programming and Various Symbols used for making the circuit diagram and Various Measuring Instrument used in Industry.

This is for your kind information and needful action

Thanking you,

  
(Dr. P. A. Dhavale)

**Subject: - Seeking permission to visit your esteemed Industry**

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by PAH Solapur University, Solapur for T. Y. B.Tech.(Mechanical Engg.) (Part-I), the subject of 'CAD-CAM-CAE, Industrial Hydraulics & Pneumatics and Metrology' include industrial visit. Our students are interested to visit the esteemed Industry, which is under your supervision. Kindly grant permission for 8 Faculty members along with the 140 students to visit your place on 19/11/2022 & 20/11/2022.

We will remain grateful to you if give chance for industrial visit.

Thanking you,  
Yours faithfully.

**Subject:** Permission for Industrial Visit of T.Y. B.Tech. (Mechanical Engg.)

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for T. Y. B.Tech.(Mechanical Engg.) (Part-I), the subject of 'CAD-CAM-CAE, Industrial Hydraulics & Pneumatics and Metrology' include industrial visit. In the processing of same, we have sent letter/mail related to Sunil Industries, P.R. Industries and DCPL Kolhapur asking permission to visit industry. In response, permission is granted by the same on 19/11/2022 & 20/11/2022.

We request you to grant us the permission to arrange visit of T.Y. B.Tech.(Mechanical Engg.) on 19/11/2022 & 20/11/2022.

Thanking you.

**Sub:** Report of Industrial Visit

**Name of Industry with Address:** 1) Asian Equipments, Koregaon MIDC, Dist. Satara.  
2) Shri Refrigeration Pvt. Ltd. Karad  
3) Maruti Suzuki services ( SAI services) Kolhapur

**Date of Visit:** 3<sup>rd</sup> Dec. 2022 to 4<sup>th</sup> Dec. 2022

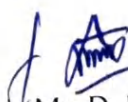

Respected Sir,

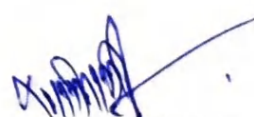

As per curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University Solapur, for Final Year B. Tech Mechanical Engineering having Industrial Visit of Refrigeration and Air Conditioning and Automobile subject includes industrial visit. In this regards 94 students and 5 Faculty members had visited Asian Equipments Koregaon MIDC, Dist. Satara. Shri Refrigeration Pvt. Ltd. Karad, Maruti Suzuki services (SAI services) Kolhapur. On 3<sup>rd</sup> Dec. 2022 to 4<sup>th</sup> Dec. 2022.

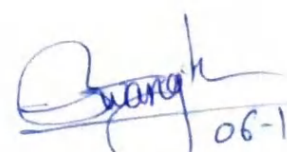

During Visit We had seen various refrigeration methods, maintenance of refrigeration systems, automobile system, and servicing, electric system of automobile etc. Students were satisfied with this visit.

This is for Your Kind Information.

**Subject:** Permission for Industrial Visit of Final Year B.Tech.(Mechanical Engg.)

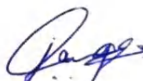

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for Final Year B.Tech.(Mechanical Engg.) (Part-I), the subject of 'Refrigeration & Air Conditioning & Automobile Engineering' include industrial visit. In the processing of same, we have sent letter/mail related to Asian Equipments Koregaon, Shree Refrigerations Pvt. Ltd, Karad and Maruti Suzuki Service (Sai Service) Kolhapur asking permission to visit industry. In response, permission is granted by the same on 03/12/2022 & 04/12/2022.

We request you to grant us the permission to arrange visit of Final Year B.Tech. (Mechanical Engg. ) on 03/12/2022 & 04/12/2022.

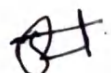

Thanking you.

# **Punyashlok Ahilyadevi Holkar Solapur University**

## **Final Year B.TECH. (Mechanical Engineering)**

### **Semester-VII**

#### **ME411 : Refrigeration and Air Conditioning**

##### **Teaching Scheme**

**Lectures:03Hours/week, 03Credits**

**Practical :02Hours/week, 01Credit**

##### **Examination Scheme**

**ESE:70Marks**

**POE : 25 Marks**

**ISE: 30Marks**

**ICA: 25Marks**

##### **Course Introduction:**

The course consists of different **refrigeration** cycles such as Air refrigeration cycle, Vapour Compression cycle, Vapour absorption cycle. It also covers properties of refrigerants and various alternative refrigerants and understanding of psychrometric and psychrometric processes used for the purpose of **air-conditioning**. Further, the comfort **air-conditioning** and indoor environment health are also addressed in this course.

##### **CourseObjectives:**

During this course, student is expected to:

1. Learning the fundamental principles and different methods of refrigeration and air conditioning.
2. To understand basic refrigeration processes.
3. Comparative study of different refrigerants with respect to properties, applications and environmental issues.
4. Understand the basic air conditioning processes on psychrometric charts, calculate cooling load for its applications in comfort and industrial air conditioning.
5. To acquire the skills required to design and analyze refrigeration and air conditioning components and systems.

##### **CourseOutcomes:**

At the end of this course, student will be able to:

1. Evaluate performance of various types of refrigeration systems.
2. Select appropriate refrigerant considering necessary properties.
3. Use Psychrometric chart and tables and analyze psychrometric process for obtaining required air

conditions.

4. Describe comfort chart and compare duct design methods.

## **Section I**

### **Unit-1: Basic Refrigeration Cycles and Refrigerant**

**No. of lectures- 7**

#### **A) Air Refrigeration**

Refrigeration, Units of refrigeration, Reversed Carnot cycle with vapour as refrigerant, Air Refrigeration Systems, Bell Coleman Cycle (B.C.C), Calculation of C.O.P., Advantages and Disadvantages of B.C.C. (Numerical Treatment).

#### **B) Air Craft Refrigeration**

Necessity, Simple, Boot Strap, Regenerative and Reduced ambient systems. **(Descriptive Treatment).**

#### **C) Refrigerant**

Classification, Desirable Properties, Nomenclature of Refrigerants, Selection of refrigerant, Secondary refrigerants, Effect on Ozone depletion and Global warming, Total equivalent warming impact (TEWI), Alternative Refrigerants, Use of any Software for Refrigerants' properties.

### **Unit-2: Vapour Refrigeration Systems**

**No. of lectures- 8**

#### **A) Vapour Compression Refrigeration Systems**

Vapour compression systems Working of simple vapour compression system, representation of different vapour compression cycle (VCC) on T-s and P-h diagram, Vapour compression cycle, Sub cooling, Superheating, Analysis and Performance calculations of above cycles. Effect of operating parameters on performance of VCC, actual VCC, methods of improving COP **(Numerical Treatment).**

#### **B) Vapour Absorption Refrigeration Systems**

Introduction, Working of simple vapour absorption system (VAS), Practical vapour absorption system, desirable properties of binary mixture (aqua-ammonia), COP of an ideal Vapour Absorption Refrigeration System, Li-Br absorption system, three fluid system (Electrolux refrigeration), applications of VAS, comparison between VCRS and VARS. **(Descriptive Treatment).**

### **Unit-3: Multiple pressure Refrigeration Systems**

**No. of lectures- 5**

**A) Introduction, Multistage compression, Flash gas removal, Flash inter cooling, Complete Multi stagesystem, Multi evaporator systems**

**B) Introduction to cryogenics Limitations of vapour compression systems for the production of low temperature, Cascade Refrigeration System, Linde System for liquefaction of air. Applications of Cryogenics. (Descriptive Treatment).**

## Section II

### Unit-4: Psychrometry

No. of lectures-7

Introduction, Psychometrics terms, Dalton's law of partial pressure, Psychometrics relations, Enthalpy of moist air, Use of psychometric tables and Charts, Psychometrics Processes, Combinations And Calculations, SHF, BPF, ADP Coil condition line, Air Washer and it's applications. (Numerical Treatment)

### Unit-5: Heating and Cooling Load Calculations

No. of lectures-8

A) Representation of actual air conditioning process by layout and on Psychometric chart.

Load analysis by RSHF, GSHF, Enumeration and brief explanation of the factors forming load on refrigeration and air conditioning systems. (*Numerical Treatment*).

B) Comfort Conditions

Human Comfort Thermodynamics of human body, comfort and comfort chart, factors affecting human comfort, concept of infiltration and ventilation, indoor air quality requirements.

No. of lectures- 5

### Unit-6: Air Distribution Systems

A) Ducts Classification of ducts, duct material, pressure in ducts, flow through duct, pressure losses in duct (friction losses, dynamic losses), air flow through simple duct system, equivalent diameter, Methods of duct system design: equal friction, velocity reduction, static regain method (numerical on duct system design)

B) Air handling unit Air handling unit, Fan coil unit, types of fans used air conditioning applications, fan laws, filters, supply and return grills, sensors (humidity, temperature, smoke).

### Internal Continuous Assessment (ICA):

List of Experiments/Assignments/Case Studies, etc.

Group 1 (Study, Demonstration of any four assignments on following)

1. Study of Refrigeration methods
2. Study of Refrigeration Equipments
3. Study of Refrigeration Systems—Domestic refrigerator, Split air conditioner, IcePlant, Deep freezer etc.
4. Study of charging, leak testing of refrigeration systems
5. Case Study (Any One of the following)
  - a) Refrigeration and Air-Conditioning systems used in Space Station/Satellites/Rockets/Submarines
  - b) Refrigeration and Air-Conditioning systems used in Automobiles
  - c) Methods used for cooling Super Computers and Servers

**Group II (Any three experiments out of the following)**

1. Trial on Refrigeration primer / bench
2. Trial on mini ice plant
3. Trial on Vapour Absorption system
4. Trial on Air conditioning tutor
5. Trial on Heat Pump

**Group III (Any one out of the following)**

1. Visit to Refrigeration plant or Central Air Conditioning plant
2. Performance evaluation of any one trial of Group-II by using MATLAB/C Programming

**Text Books:**

1. Refrigeration and Air Conditioning by R.S. Khurmi & J.K. Gupta
2. 'Refrigeration & Air Conditioning' by C.P. Arora
3. Refrigeration & Air Conditioning' by Arora & Domkundwar
4. Refrigeration and Air-conditioning' by S. N. Sapali

**Reference Books**

1. Principles of Refrigeration 'by Roy J Dossat
2. Air Conditioning Applications & design' by W.P. Jones
3. Refrigeration & Air Conditioning by Stocker
4. Refrigeration & Air Conditioning by Manohar Prasad

**Punyashlok Ahilyadevi Holkar Solapur University**  
**Final Year B.TECH. (Mechanical Engineering)**  
**Semester-VII**  
**ME412 : Automobile Engineering**

**Teaching Scheme**

Lectures: 03 Hours/week, 03 Credits

Practical : 02 Hours/week, 01 Credit

**Examination Scheme**

ESE: 70 Marks

ISE : 30 Marks

ICA : 25 Marks

**Course Introduction:**

Automobile engineering is an important automotive sector component. An automobile engineer helps to design and ensure the standard and efficient working of existing automobile and invent new technologies in this area. This area of engineering is intensive in research and requires professionals in their automotive engineering specialties to be educated and committed. Their efficiency, comfort and safety have been greatly improved. The worldwide manufacturing and use of automobiles has increased dramatically. This has given mechanical engineers the opportunity to work in the automobile sector.

**Course Objectives:**

During this course, student is expected to:

1. To make the students conversant with fundamentals of Automobile system
2. To develop the competencies of students in performance analysis of Automobiles
3. To make the students conversant with Automobile safety and Electrical Systems.
4. To understand the students importance of emerging trends of Hybrid Vehicles like Electric and Solar Vehicles.

**Course Outcomes:**

At the end of this course, student will be able to:

1. Demonstrate various systems in an automobile
2. Describe importance and features of different elements like axle, differential, brakes, steering, suspension, wheel balancing, electrical systems etc.
3. Explain principle of operation, construction and applications of various sensors used in modern automobiles.

**Section I**

**Unit-1: Introduction to Automobiles:**

**No. of lectures-04**

Broad classification of Automobiles. Major Components and their functions. Types of vehicle layouts, Front engine rear wheel drive, Front engine front wheel drive, Rear engine rear wheel drive, All wheel drive, specifications of vehicles. Types of bodies, Body construction and materials, and safety devices.

**Unit-2: Performance of Automobiles & Electrical Systems**

**No. of lectures-08**

Resistance to vehicle motion, Air, Rolling and Gradient resistance, Acceleration, Grade ability and draw bar pull, Traction and Tractive effort, Distribution of weight, Power required for

vehicle propulsion, Selection of gear ratio, Rear axle ratio. (Numerical). Automotive batteries, automotive lighting system, Starting system, charging system, Electric horn, Electric fuel Gauge-thermostatic & balancing coil type, Wiper & side indicator circuit, electric Speedo meter.

### **Unit-3: Transmission System**

**No. of lectures-08**

Requirements of transmission system, Automobile clutch- requirements, types & functions, Single plate, Multi-plate, Centrifugal, Electromagnetic & Fluid flywheel. Types of automotive gearboxes, Working of sliding mesh, Constant mesh and Synchromesh gearbox, Overdrive, Principle of operation of automatic transmission, Torque converter, Epicyclical gear trains, Propeller shaft, Universal and slip joint, Final drive and its types, Differential, Construction and types of rear axles, Introduction to wheels and tyres.

## **Section II**

### **Unit-4: Steering System:**

**No. of lectures-06**

Function of steering, Steering system layout, Automotive steering mechanism- Ackerman and Davis, Types of steering gear boxes, Condition for true rolling, Steering geometry- Camber, Caster, King pin inclination, Included angle, Toe-in and Toe-out, Wheel alignment, Slip angle, Under steer & over steer, Types and working of power steering (Numerical).

### **Unit-5: Braking System:**

**No. of lectures-06**

Function of automotive brake system, Types of braking mechanism, internal expanding & Disc brake, Mechanical, Hydraulic & Air brake system, power brakes, Anti lock braking, Calculation of braking force required, stopping distance and dynamic weight transfer. (Numerical).

### **Unit-6: Suspension System & Modern trends in Automobiles**

**No. of lectures-08**

Suspension requirements, Sprung and Unsprung mass, Types of automotive suspension systems. Conventional and Independent, Shock absorber, Types of springs, Hotchkiss and Torque tube drive, Reaction members- Radius rod, Stabilizer bar, Air suspension system. Engine electronic control modules, Introduction to Sensors and actuators used in automobile controls, Electronic Control Unit, traction control devices, fuel cells Hybrid vehicles- Electrical vehicles, Solar vehicles.

### **Internal Continuous Assessment (ICA):**

**List of Experiments/Assignments/Case Studies, etc.**

1. Study and demonstration of four wheeler chassis layout. Two-wheel & four wheels drive layouts.
2. Study and Demonstration of working of single plate automobile clutch.
3. Study and demonstration of synchromesh gearbox, final drive and differential.
4. Study and demonstration of working Hydraulic braking system.
5. Study and demonstration of front wheel steering geometry and steering mechanism.
6. Study and demonstration of suspension system of a four-wheeler.
7. Study and demonstration of battery and electrical starting system

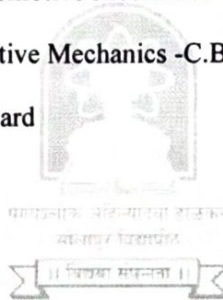

8. Study and demonstration of (a) Electric horn. (b) Electric fuel Gauge. (c) Flasher unit. (d) Wiper circuit
9. Experiment on wheel balancing & front wheel alignment.
10. Visit to servicing station for study of vehicle maintenance, repairs and report.

**Text Books:**

1. Kirpal Singh - Automobile Engineering – Standard publisher.
2. Automobile Mechanics -.N. K. Giri
3. Automobile Electrical Equipment -P. S. Kohli

**Reference Books**

1. K. Newton and W. Seeds, T.K. Garrett, Motor Vehicle, Elsevier publications
2. Hans Hermann Braess, Ulrich Seiffen, handbook of Automotive Engineering, SAE Publications
3. William H. Crouse. Automotive Mechanics - Tata McGraw Hill Publishing House
4. Joseph Heitner, Automotive Mechanics -C.B.S Publishers And Distributors
5. SAE Manuals and Standard

**Subject: - Seeking permission to visit your esteemed Industry**

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

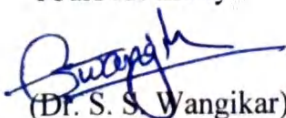

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by PAH Solapur University, Solapur for Final year B.Tech.(Mechanical Engg.) (Part-I), the subject of '**Refrigeration & Air Conditioning**' include industrial visit. Our students are interested to visit the esteemed Industry, which is under your supervision. Kindly grant permission **for 8 Faculty members** along with nearly **130 students** to visit your place on **03/12/2022**.

We will remain grateful to you if give chance for industrial visit.

Thanking you,

Yours faithfully,

**Subject: - Seeking permission to visit your esteemed Industry**

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by PAH Solapur University, Solapur for Final year B.Tech.(Mechanical Engg.) (Part-I), the subject of '**Automobile Engineering**' include industrial visit. Our students are interested to visit the esteemed Industry, which is under your supervision. Kindly grant permission for **8 Faculty members** along with the nearly **130 students** to visit your place on **04/12/2022**.

We will remain grateful to you if give chance for industrial visit.

Thanking you,

Yours faithfully,

(Dr. S. S. Wangikar)

Head, Mechanical Engineering Dept.

## Industrial Visit Report

Date: 07/03/2023

To,  
The Principal,  
SVERI's College of Engineering,  
Pandharpur.

Subject: Report of Industrial Visit.

Name of Industry with address: 1. Jadhav Foundry, Gokul Shirgaon MIDC, Kolhapur  
2. Rocket Engineering Shirol MIDC, Kolhapur

Date of Visit: 18<sup>th</sup> January to 19<sup>th</sup> January 2023.

Respected Sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for S.Y. B.Tech Mechanical Engineering Semester-I Manufacturing Processes and IC engine subject include industrial visit. In this regard 102 students along with 06 faculty members visited to Jadhav Foundry, Gokul Shirgaon, MIDC, Kolhapur and Rocket Engineering, Shirol MIDC, Kolhapur on 18<sup>th</sup> & 19<sup>th</sup> January 2023.

During visit we had seen various machine and manufacturing processes and manufacturing of engines from these visit students got practical knowledge about various manufacturing processes and manufacturing of Engines.

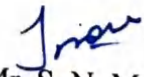

This is for your kind information and needful action

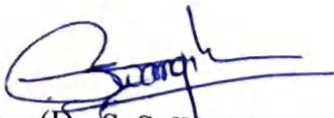

Thanking you,

**Subject: - Seeking permission to visit your esteemed Industry**

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by PAH Solapur University, Solapur for Final year B.Tech.(Mechanical Engg.) (Part-I), the subject of '**Manufacturing Process**' include industrial visit. Our students are interested to visit the esteemed Industry, which is under your supervision. Kindly grant permission for **6 Faculty members** along with the nearly **100 students** to visit your place on **19/01/2023**.

We will remain grateful to you if give chance for industrial visit.

Thanking you,

Yours faithfully,

(Dr. S. S. Wankar)

Head, Mechanical Engineering Dept.

**Subject:** Permission for Industrial Visit of Third Year B.Tech.(Mechanical Engg.)

Respected Sir,

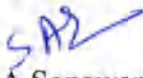

As per the curriculum laid down by PAH Solapur University, Solapur for Third Year B.Tech.(Mechanical Engg.) (Part-II), the subject of 'Plastic Engineering' include industrial visit. In the processing of same, we have sent letter/mail related to Tejas Agro Irrigation Systems Pvt. Ltd., Nishant Park, Bhandishegaon, Pandharpur, Solapur, Maharashtra: 413304 to visit industry. In response, permission is granted by the same on 06/05/2023.

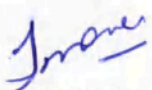

We request you to grant us the permission to arrange visit of Third Year B.Tech. (Mechanical Engg.) Division: A & B on 06/05/2023.

Thanking you.

**Subject: - Seeking permission to visit your esteemed Industry.**

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. (Mechanical) (Part-II), the subject of '**Plastic Engineering**' include industrial visit. In the processing of same, our third year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission **for 5 Faculty members** along with the **135 students** to visit your place on **03/05/2023**.

We will remain grateful to you if give chance for industrial visit.

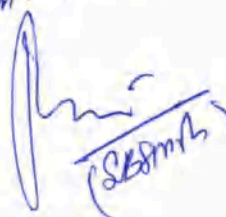

Thanking you,  
Yours faithfully,

  
Head

Department of Mechanical Engineering,  
SVERI's COE, Pandharpur.

**Abbreviations:** L- Lectures, P –Practical, T- Tutorial, D- Drawing, ISE- in Semester Examination, ESE - End Semester Examination (University Examination for Theory & / POE & / Oral), ICA- Internal Continuous Assessment.

**Professional Elective – IV:** A. Project Management, B. Industrial Product Design C. Plastic Engineering, D. Railway Transportation System.

**Punyashlok Ahilyadevi Holkar Solapur University, Solapur**

**Third Year B.TECH. (Mechanical Engineering)**

**Semester-VI**

**Professional Elective – IV**

**ME 325 (C) : Plastic Engineering**

**Teaching Scheme**

**Lectures : 03 Hours/week, 03 Credits**

**Practical : 02Hours/week, 01 Credit**

**Examination Scheme**

**ESE : 70 Marks**

**ISE : 30 Marks**

**ICA : 25 Marks**

**Course Introduction:**

During this course, student is exposed to following knowledge-

1. Study of extraction, manufacturing of plastic material and classification.
2. Study of various properties of plastic materials, comparative study of the plastics on the basis of parameters like structure, cost and processing time etc.
3. Study and Comparison of the different processes on the basis of parameters like design of plastic part, cost and processing time etc.
4. Design of plastic part, die/molds, correct selection & design leads to compact & less cost of systems.

**Course Objectives:**

The course aims to:

1. To understand the mechanism of polymerization, techniques of polymerization
2. To provide the depth knowledge about different kinds of plastic materials based on their structure and properties.
3. To make the students familiar about properties and processing of plastics and use it for different applications.
4. To provide the depth knowledge about plastic product design and different kinds of die/mould design.

**Course Outcomes:**

At the end of this course, student will be able to:

1. Predict the structure and properties of different kind of plastic material and select the plastic materials for particular end user application.
2. Know the processing of different plastic material based on the end user requirement.
3. Design the plastic products
4. Design compression and transfer molds
5. Design Injection Moulds
6. Design plastic injection mould for cooling

## **Section I**

### **Unit-1: Study of Plastic Materials**

**No. of lectures - 06**

Definition and Classification of Plastic Materials, Properties of plastics, applications, Testing methods for plastics, additives in plastics, Monomers & Polymers, Polymerization - Types of Polymerization.

Introduction to composite plastics, Introduction of polymer degradation and biodegradable plastics, advanced application like Agriculture, Packaging, Building, Transport, Electrical, Electronics, Medical and Furniture.

### **Unit-2: Processing of Plastics and Welding of Plastics**

**No. of lectures - 07**

#### **Processing of Plastics:**

Injection molding, Extrusion molding, sheet forming processes, calendaring, Blow molding, Processing of thermosetting plastics, compression molding, Transfer molding, rotational molding.

#### **Welding of Plastics:**

Hot gas welding, hot tool welding, High frequency induction welding, laser welding, Infrared welding, ultrasonic welding, friction welding.

### **Unit-3: Design of Plastic Parts**

**No. of lectures - 07**

Basic design features, Tolerances of molded plastics parts, allowances in plastics, Design corners, undercuts, curing time, ribs, minimum wall thickness, design of inserts, cores mold materials.

## **Section II**

### **Unit-4: Design of compression and transfer molds**

**No. of lectures – 08**

- a) Design and main parts of compression mould, standard insert mould body, design of loading chamber, design of punch, ejectors, stripper guided pin.
- b) Technology of transfer mould, types, main parts, automation in transfer mould.

### **Unit-5: Injection Mould Design**

**No. of lectures – 06**

Injection mould design, Single, multi cavity, semi-automatic and automatic moulds. Types of injection mould, detailed structure and working. Feed system, Temperature control system, Ejection System, application.

**Unit-6: Cooling of plastic injection mould****No. of lectures – 06**

Determining the heat quantity dissipated with cooling, heat dissipation with natural cooling, mean temperature, thermal resistance of mold body, summery of dimension and construction of correct cooling system.

**Internal Continuous Assessment (ICA):****List of Experiments/Assignments/Case Studies, etc.**

1. Study of plastic material- Polymerization, properties and specific applications in wide areas.
2. Design of Plastic product.
3. Injection mould design for simple component.
4. Design of Compression mould.
5. Design of Blow Mould.
6. Two Case studies for mould manufacturing-At least one case study with any CAD/CAM software.
7. Study and applications of advanced Plastics.
8. Industry Visit to Plastic part manufacturing Units (Min. Two Units).

**Text Books:**

1. Prof.(Dr.) Sanjay K Nayak, Fundamentals of Plastics Mould Design, Tata McGraw Hill Education Private Limited, New Delhi.

## Industrial Visit Report

Date: 08/05/2023

To,  
The Principal,  
College of Engineering,  
Pandharpur.

**Subject:** Report of Industrial Visit.

**Name of Industry with address:** Tejas Agro Irrigation Systems Pvt. Ltd.,  
Nishant Park, Bhandishegaon, Pandharpur,  
Solapur, Maharashtra: 413304.

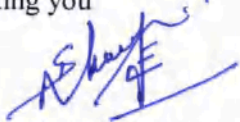

**Date of visit:** 06 May 2023.

Respected sir,

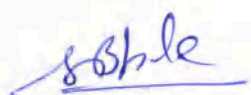

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. Mechanical Engineering semester-II, Plastic Engineering Subject include industrial visit in this regard 135 students along with 05 faculty member visited Tejas Agro Irrigation Systems Pvt. Ltd, Bhandishegaon, Pandharpur, Solapur on 06<sup>th</sup> May 2023. During visit we had seen various molding processes used for plastic material like Injection molding, Extrusion molding along with different inspection methods used for checking raw material as well as finished plastic components. From this industrial visit student got practical knowledge about manufacturing of different agricultural products including PVC Pipes, Poly-fittings, Filters, Sprinklers, HDPE Pipes, LDPE Pipes, etc. using Injection molding and Extrusion molding process and they got satisfied with the visit.

This is for your kind information and needful action.

Thanking you

**Subject:** Permission for Industrial Visit of Third Year B.Tech.(Mechanical Engg.)

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for Third Year B.Tech.(Mechanical Engg.) (Part-II), the subject of 'Plastic Engineering' include industrial visit. In the processing of same, we have sent letter/mail related to Kamala Plastics, Kolhapur, Shree refrigeration, Karadi and S.S.Plastics, Kudal asking permission to visit industry. In response, permission is granted by the same on 09/06/2023, 10/06/2023 and 11/06/2023.

We request you to grant us the permission to arrange visit of Third Year B.Tech. (Mechanical Engg.) on 09/06/2023, 10/06/2023 and 11/06/2023.

Thanking you.

(Mr. A.A.Shinde)

Sub: - About Duty leave.

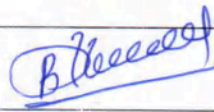

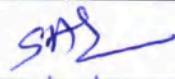

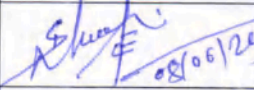

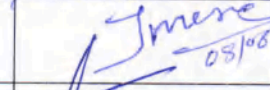

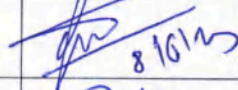

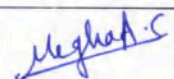

Respected Sir,

We undersigned staff members will be visiting to Kamala Plastics, Kolhapur and S.S.Plastics, Kudal along with Third Year B.Tech.A & B (Mechanical Engg.) students from 09/06/2023 to 11/06/2023

Kindly consider the case & please do the needful for the same.

You are kindly requested to grant duty leave for following staff members.

Thanking you.

Sr. No.	Name of Faculty	Signature
1.	Prof. B.D.Gaikwad

**Abbreviations:** L- Lectures, P –Practical, T- Tutorial, D- Drawing, ISE- in Semester Examination, ESE - End Semester Examination (University Examination for Theory & / POE & / Oral), ICA- Internal Continuous Assessment.

**Professional Elective – IV:** A. Project Management, B. Industrial Product Design C. Plastic Engineering, D. Railway Transportation System.

**Punyashlok Ahilyadevi Holkar Solapur University, Solapur**

**Third Year B.TECH. (Mechanical Engineering)**

**Semester-VI**

**Professional Elective – IV**

**ME 325 (C) : Plastic Engineering**

**Teaching Scheme**

**Lectures : 03 Hours/week, 03 Credits**

**Practical : 02Hours/week, 01 Credit**

**Examination Scheme**

**ESE : 70 Marks**

**ISE : 30 Marks**

**ICA : 25 Marks**

**Course Introduction:**

During this course, student is exposed to following knowledge-

1. Study of extraction, manufacturing of plastic material and classification.
2. Study of various properties of plastic materials, comparative study of the plastics on the basis of parameters like structure, cost and processing time etc.
3. Study and Comparison of the different processes on the basis of parameters like design of plastic part, cost and processing time etc.
4. Design of plastic part, die/molds, correct selection & design leads to compact & less cost of systems.

**Course Objectives:**

The course aims to:

1. To understand the mechanism of polymerization, techniques of polymerization
2. To provide the depth knowledge about different kinds of plastic materials based on their structure and properties.
3. To make the students familiar about properties and processing of plastics and use it for different applications.
4. To provide the depth knowledge about plastic product design and different kinds of die/mould design.

**Course Outcomes:**

At the end of this course, student will be able to:

1. Predict the structure and properties of different kind of plastic material and select the plastic materials for particular end user application.
2. Know the processing of different plastic material based on the end user requirement.
3. Design the plastic products
4. Design compression and transfer molds
5. Design Injection Moulds
6. Design plastic injection mould for cooling

## **Section I**

### **Unit-1: Study of Plastic Materials**

**No. of lectures - 06**

Definition and Classification of Plastic Materials, Properties of plastics, applications, Testing methods for plastics, additives in plastics, Monomers & Polymers, Polymerization - Types of Polymerization.

Introduction to composite plastics, Introduction of polymer degradation and biodegradable plastics, advanced application like Agriculture, Packaging, Building, Transport, Electrical, Electronics, Medical and Furniture.

### **Unit-2: Processing of Plastics and Welding of Plastics**

**No. of lectures - 07**

#### **Processing of Plastics:**

Injection molding, Extrusion molding, sheet forming processes, calendaring, Blow molding, Processing of thermosetting plastics, compression molding, Transfer molding, rotational molding.

#### **Welding of Plastics:**

Hot gas welding, hot tool welding, High frequency induction welding, laser welding, Infrared welding, ultrasonic welding, friction welding.

### **Unit-3: Design of Plastic Parts**

**No. of lectures - 07**

Basic design features, Tolerances of molded plastics parts, allowances in plastics, Design corners, undercuts, curing time, ribs, minimum wall thickness, design of inserts, cores mold materials.

## **Section II**

### **Unit-4: Design of compression and transfer molds**

**No. of lectures – 08**

- a) Design and main parts of compression mould, standard insert mould body, design of loading chamber, design of punch, ejectors, stripper guided pin.
- b) Technology of transfer mould, types, main parts, automation in transfer mould.

### **Unit-5: Injection Mould Design**

**No. of lectures – 06**

Injection mould design, Single, multi cavity, semi-automatic and automatic moulds. Types of injection mould, detailed structure and working. Feed system, Temperature control system, Ejection System, application.

**Unit-6: Cooling of plastic injection mould****No. of lectures – 06**

Determining the heat quantity dissipated with cooling, heat dissipation with natural cooling, mean temperature, thermal resistance of mold body, summery of dimension and construction of correct cooling system.

**Internal Continuous Assessment (ICA):****List of Experiments/Assignments/Case Studies, etc.**

1. Study of plastic material- Polymerization, properties and specific applications in wide areas.
2. Design of Plastic product.
3. Injection mould design for simple component.
4. Design of Compression mould.
5. Design of Blow Mould.
6. Two Case studies for mould manufacturing-At least one case study with any CAD/CAM software.
7. Study and applications of advanced Plastics.
8. Industry Visit to Plastic part manufacturing Units (Min. Two Units).

Resp. Sir,

As per your mail on 30th may, and telephonic discussion today, we hereby confirm to you about study tour visit of your students and faculty to our unit on 9th june.

Thanks &amp; Regards,

KAMALA PLASTICS  
Cell No. :- 9422048954

Subject: Permission to visit your esteemed Industry.

Respected Sir,

Hope this letter finds you in good health and a pleasant mood.

It gives me immense pleasure to put a few words before you about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust, formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from the academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. (Mechanical) (Part-II), the subject of 'Plastic Engineering' includes industrial visit. In the process of the same, our third year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission for 6 Faculty members along with the 135 students to visit your place on 08/06/2023 Or 09/06/2023.

We will remain grateful to you if given a chance for an industrial visit.

**Note: Please go through the attached document for your reference.**

## Industrial Visit Report

Date: 12/06/2023

To,  
The Principal,  
College of Engineering,  
Pandharpur.

**Subject:** Report of Industrial Visit.

**Name of Industry with address:**

1. S.S. Plastics,  
Plot No. H-156, Additional MIDC,  
Kudal, District: Sindhudurg, Maharashtra-416520.
2. Kamala Plastics,  
W59, M.I.D.C. Gokul Shirgaon,  
Kolhapur, Maharashtra-416234.
3. Dattachhaya Chains Pvt. Ltd.  
D-12, MIDC, Gokul Shirgaon, Kolhapur, Maharashtra 416008
4. Aviraj Industries,  
D-15, MIDC, Gokul Shirgaon, Kolhapur Maharashtra 416008

**Date of visit:** 09 June 2023 and 10 June 2023.

Respected sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. Mechanical Engineering semester-II, Plastic Engineering Subject include industrial visit in this regard 72 students along with 07 faculty member visited Kamala Plastics, Kolhapur, Dattachhaya Chains Pvt. Ltd. Kolhapur, Aviraj Industries, Kolhapur and S.S. Plastics, Kudal on 09 June 2023 and 10 June 2023.. During visit we had seen various molding processes used for plastic material like Injection molding, Extrusion molding, Blow molding (Automated and semi-automated) along with different inspection methods used for checking raw material as well as finished plastic components. From this industrial visit student got practical knowledge about manufacturing of Hollow plastic components like Water bottles, soft drink bottles, jars with different agricultural products including PVC Pipes, Poly-fittings, Filters, Sprinklers, HDPE Pipes, LDPE Pipes, etc. using Injection molding, Blow molding and Extrusion molding process. Also they have learned about different Heat treatment processes used on steel components and they got satisfied with the visit.

This is for your kind information and needful action.

Thanking you

(Mr. A.A. Shinde)

## Industrial Visit Report

Date: 25/06/2023

To,  
The Principal,  
SVERI's College of Engineering,  
Pandharpur.

Subject: Report of Industrial Visit.

Name of Industry with address: **Spartan Technologies Pvt. Ltd., Machnaur, Mangalwedha**

Date of Visit: 24<sup>th</sup> June 2023.

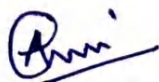

Respected Sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for S.Y. B.Tech Mechanical Engineering Semester-II Power Plant & Energy Engineering subject include industrial visit. In this regard 130 students along with 06 faculty members visited to Spartan Technologies Pvt. Ltd., Machnaur, Mangalwedha on 24<sup>th</sup> June 2023.

During visit we had seen various applications of Solar Energy, Solar Energy conversions systems and various products operating using solar energy. From these visit students got practical knowledge about solar energy conversion system and how to do the load calculation for particular application.

This is for your kind information and needful action

Thanking you,

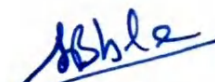

(Mr. A. K. Parkhe)

Machnur, Tal- Mangalwedha,  
Dist, Solapur, Maharashtra-413305.

**Subject: - Seeking permission to visit your esteemed Industry/Solar Power Plant.**

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC with A<sup>+</sup>, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for S.Y.B.Tech. (Mechanical) (Part-II), the subject of '**Power Plant and Energy Engineering**' include power plant/station visit. In the processing of same, our second year students are interested to visit your esteemed Industry/Solar Power Plant, which is under your supervision. Kindly grant permission for **5 Faculty members** along with the **135 students** to visit your place as per your convenient date from **22/06/2023 to 24/06/2023**.

We will remain grateful to you if give chance for power plant visit.

Thanking you,  
Yours faithfully,

  
Head

Department of Mechanical Engineering,  
SVERI's COE, Pandharpur.

HEAD,

Tel.: 02186-216063, 9503103757, E-mail : [coe@sveri.ac.in](mailto:coe@sveri.ac.in), Website: [www.sveri.ac.in](http://www.sveri.ac.in) (Approved by A.I.C.T.E., New Delhi and affiliate P. A. H. Solapur University, Solapur) NBA Accredited all Eligible UG Programmes and , NAAC A+, Accredited Institute, Accredited by Institution of Engineers (India), Kolkata and TCS, Pune ISO 9001-2015 Certified Institute

ISO 9001:2015

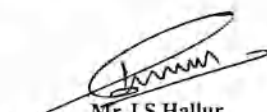

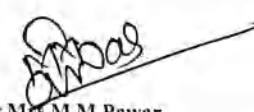

## Department of Electronics & Telecommunication Engineering

### List of Sponsored Project

Academic Year-2022-23

Sr. No.	Name of Project Student	Name of Project Guide	Name of Project	Name of Industry/Organisation
1	Ms. Deshmukh Vaishnavi Shardkar	Mr.M.A.Deshmukh	IoT Based Health Monitoring Device	Caainos Technologies, H-302, La Vida Local Pimple Saudagar, Pune 411027
	Ms. Jadhav Akansha Anil			
	Ms. Sonar Trupti Govind			
2	Ms. Atkale Shivani Ramdas	Dr.M.S.Mathpati	Power Generation from Foot Steps using Piezo Sensor.	Caainos Technologies, H-302, La Vida Local Pimple Saudagar, Pune 411027
	Ms. Bansode Ankita Annasaheb			
	Ms. Chavan Vaishnavi Sudhir			
3	Ms. Walke Vaishnavi Digambar	Mrs.J S Shinde	Development of Fish Monitoring System using IoT for Aquaculture.	Sunshine Power Electronics Pvt. Ltd. Pune
	Ms. Shelke Rutuja Sanjay			
	Ms. Devkule Aishwarya Appa			
4	Ms. Bharna Sakshitai Shivsharan	Mrs. S. Y.Abhangrao	Water Quality Analysis and Smart water meter using IoT.	Sunshine Power Electronics Pvt. Ltd. Pune
	Ms. Gaddam Shefali Ajay			
	Ms. Lokare Amruta Rajabhau

**Subject: Regarding sponsored project**

Respected Sir,

With reference to above cited subject, Caainos Technologies. Pune conducted a meeting for sponsored projects with final year students on 22.08.2022. The following projects listed below are sponsored under MOU activity of SVERI's COE Pandharpur and Caainos Technologies. Pune for the academic year 2022-23.

Sr.No	Project	Student Name
1	IoT Based Health Monitoring Device.	Ms. Deshmukh Vaishnavi Shardkar
		Ms. Jadhav Akansha Anil
		Ms. Sonar Trupti Govind
2	Power Generation from Foot Steps using Piezo Sensor.	Ms. Atkale Shivani Ramdas
		Ms. Bansode Ankita Annasaheb
		Ms. Chavan Vaishnavi Sudhir

Thanking you.

**Subject: Project completion certificate.**

Respected Sir,

This is certified that, students listed below has successfully completed a sponsored project titled **“IoT Based Health Monitoring Device.”** under MOU activity of SVERI's COE Pandharpur and Caainos Technologies,Pune.

1. Ms. Deshmukh Vaishnavi Shardkar
2. Ms. Jadhav Akansha Anil
3. Ms. Sonar Trupti Govind

The student's performance during project completion found satisfactory and we wish them all the best for their future.

Thanking you.

Ref. No. : Your Offer Letter No. OEPR/EE/2022-23/VCT/26 DATE - 27.8.2022

Respected Sir / Madam

Your College Student **Mr. Ajay Iranna Yabaji** Has Successfully Completed  
Vocational Training in Our Organisation From 16/8/2022 to 31/8/2022.  
His nature of Working in Our Organisation is Excellent.

Thanking You

Yours Faithfully

Shri. Swami Samarth Electrical Industries , Solapur

# Shri Vithal Education & Research Institute's COLLEGE OF ENGINEERING, PANDHARPUR

ISO 9001:2015

P.B. No. 54, Gopalpur - Ranjani Road, Gopalpur, Tal.: Pandharpur- 413304, Dist.: Solapur (MH)  
Contact No.: 9545553888, 9545553757, E-mail: coe@sveri.ac.in, Website: www.sveri.ac.in  
Approved by A.I.C.T.E., New Delhi and affiliated to Panyashlok Ahilyadevi Holkar Solapur University, Solapur  
NBA Accredited all Eligible UG Programmes. NAAC A+ with 3.46 CGPA out of 4.00, An ISO 9001-2015  
Certified Institute, Accredited by the Institution of Engineers, Kolkata and TCS, Pune.

## List of Student who have completed Vocational Industrial Training

Sl. No.	Name of the Student	Title of the collaborative activity	Name of the collaborating agency with contact details	Duration
1	Sonali Gokul Raut	Restaurant review using	1stop.ai	15st Aug, 2022 to 31st Aug, 2022
2	Sayali Laxman Linge	Machine learning		15st Aug, 2022 to 31st Aug, 2022
3	Krushna Rameshwar Ingale	Web Development		15st Aug, 2022 to 31st Aug, 2022
4	Pooja Rajendra Bahirwade	Machine Learning		01st Dec, 2022 to 15st Jan, 2023
5	Pradnya Anil Repal	Machine Learning		01st Aug, 2022 to 30th Sep, 2022
6	Yash Sunil Repal	Machine Learning		15st Aug, 2022 to 31st Aug, 2022
7	Pralish Naganath Bamane	Web development		01st Oct, 2022 to 15th Nov, 2022.
8	Sanika Mukund Patil	Restaurant review using nlp		15st Aug, 2022 to 31st Aug, 2022
9	Gaytri Bibhishan Sudke	Maching Learning		15st Aug, 2022 to 31st Aug, 2022
10	Kiran Anandrao Lokhande	Machine learning		15st Aug, 2022 to 31st Aug, 2022
11	Gayatri Pavankumar Betale	Machine learning		01st Aug, 2022 to 30th Sep, 2022
12	Monali Bandu Dhembare	Development	3 Star IT solution and Services Jijau Software, satara	15st Aug, 2022 to 30st Aug, 2022
13	Sandhya Shivaji Tule	Web Designing (Javascript)		15st Aug, 2022 to 30st Aug, 2022
14	Saifa Fayaj Patel	Javascript		15st Aug, 2022 to 30st Aug, 2022
15	Rutuja Vaibhav Kupade	JavaScript		15st Aug, 2022 to 30st Aug, 2022
16	Pragati Shankar Gove	Javascript		15st Aug, 2022 to 30st Aug, 2022
17	Atharv Milind Davale	Javascript		15st Aug, 2022 to 30st Aug, 2022
18	Vaishnavi Santosh Mandve	Web designing (Javascript)		15st Aug, 2022 to 30st Aug, 2022
19	Dhanashree Amol Lokhande	Javascript		15st Aug, 2022 to 30st Aug, 2022
20	Nikita Dhananjay Ghuge Lawale	Javascript		15st Aug, 2022 to 30st Aug, 2022
21	Neha Sudhakar Jagtap	Javascript		15st Aug, 2022 to 30st Aug, 2022
22	Namrata Vishnu Kumbhar	Javascript		15st Aug, 2022 to 30st Aug, 2022
23	Akanksha Sanjay Pawar	Full stack development	Alpha Digital west mumbai	15st Aug, 2022 to 30st Aug, 2022
24	Diksha Ranjeet Sasane	Full stack web development		15st Aug, 2022 to 30st Aug, 2022
25	Sonali Ashok Khude	Full stack development		15st Aug, 2022 to 30st Aug, 2022
26	Sonali Ashok Khude	Full Stack Development		15st Aug, 2022 to 30st Aug, 2022
27	Shreyas Shankar Surwase	Python	Ask Design and Computer Trianing Institute Solapur	17st Aug, 2022 to 31st Aug, 2022
28	Dipak Eknath Aiwale	Core Java		17st Aug, 2022 to 31st Aug, 2022
29	Abhijeet Balkrishna Surshetwar	C++		17st Aug, 2022 to 31st Aug, 2022
30	Amrut Yogesh Virdhe	C++ training		17st Aug, 2022 to 31st Aug, 2022
31	Jeevan Bajarang Koli	Core Java		17st Aug, 2022 to 31st Aug, 2022
32	Somnath Suresh Shinde	Core java		17st Aug, 2022 to 31st Aug, 2022
33	Ganesh jayant Kaldhone	Python		17st Aug, 2022 to 31st Aug, 2022
34	Mahesh Vikram Patil	C++		17st Aug, 2022 to 31st Aug, 2022

S. P. Pawar

Sl. No.	Name of the participant	Title of the collaborative activity	Name of the collaborating agency with contact details	Duration
35	Ganesh Shantilal Naiknavare	Web Development	ChedoTech	15st Oct,2022,to 3rd,2022
36	Nupur Nilesh Pawar	Web design		17st Aug,2022 to 3rd,2022
37	Sneha Santosh Galande	Java advanced	Disha computer miraj	15st Aug, 2022 to 30st Aug, 2022
38	Aparna Keraba Lokare	Internet of Things	Dolphin labs,pune	16st Aug, 2022 to 30st Aug, 2022
39	Shreyash Chandrakant Dhulrao	Web development	Dream technology	22st Aug, 2022 to 10 Sep, 2022
40	Digvijay sambhaji shinde	FLUTTER	Eduade technologies pvt. ltd. Pune	11st Aug, 2022 to 31st Aug, 2022
41	Pravin Sambhaji Haralkar	Flutter		22st Aug, 2022 to 10 Sep, 2022
42	Akshay Vilas Chavan	BUILDING AN APP USING FLUTTER		11st Aug, 2022 to 31st Aug, 2022
43	Mustkeem Mahamadhanif Baraskar	Building cross-platform application using flutter		11st Aug, 2022 to 31st Aug, 2022
44	Yash Shrinivas Kaulwar	Application Development Using Flutter		11st Aug, 2022 to 31st Aug, 2022
45	Shubham Bandgar	Flutter cross platform using flutter		11st Aug, 2022 to 31st Aug, 2022
46	Nagane Prashant Samadhan	Full Stack development using PHP	Rudra Infotech	21st Oct 2022 to 09th Nov,2022
47	Sanskriti Sanjay Kadam	HTML , CSS and Basic Javascript	Infinity Plus Web Solutions	1/10/2022 to 30/10/2022
48	Jadhav Nikhil Tanaji	Web development	Internshala	13 Aug 2022 to 31 Aug 2022
49	SANKET NAGESH SONAWANE	Web Development		13st Oct 2022, to 02nd Nov, 2022
50	Aniket Dhananjay Palkar	Web Development		11st Aug, 2022 to 31st Aug, 2022
51	Sakshi Chintamani Nikam	Cloud computing		1st Aug,2022 to 21st Aug, 2022
52	Sampada Sanjay Gavali	Android App Development		01st Nov,2022 to 22st Nov ,2022
53	Saurabh Sudhir Parchande	Web Development		13 Aug 2022 to 31 Aug 2022
54	Prasad Rajendra Shinde	Web Development		15st Oct,2022 to 01 Nov 2022
55	Saurabh Sudhir Parchande	Web Development		15st Oct,2022 to 01 Nov 2022
56	Saurabh Sunil Gaikwad	Web Development		13 Aug 2022 to 31 Aug 2022
57	Atharv Arvind Deshpande	Web development		15st Oct,2022 to 02Nov 2022
58	Ganesh Balasaheb Jagdale	Full Stack	IT	13 Aug 2022 to 31 Aug 2022
59	Nikita Babu Tad	Javascript	Jijau Software's , 3 star IT solution & services PVT.LTD, Satara.	15 Aug 2022 to 30Aug 2022
60	Ayesha Karim Mujawar	Web design using Javascript		15Aug 2022 to 30Aug 2022
61	Akanksha Namdev Landge	Javascript		15Aug 2022 to 30Aug 2022
62	Sonali Krushnat Sutar	JavaScript		15Aug 2022 to 30Aug 2022
63	Sanskriti rupchand jadhav	Javascript		15Aug 2022 to 30Aug 202
64	Virkar Vikas Mansing	Web Development		15Aug 2022 to 30Aug 202
65	Shivani Chandrakant Shende	Javascript		15Aug 2022 to 30Aug 202
66	Farad Vaishnavi Bapurao	Javascript		15Aug 2022 to 30Aug 202
67	Dhanashree Amol Lokhande.	Web designing (java script)		15Aug 2022 to 30Aug 202
68	Shilpa Sajjan Mali	JavaScript		15Aug 2022 to 30Aug 202
69	Nikita Babu Tad	Javascript		15Aug 2022 to 30Aug 202
70	Jagtap Nikita Chandrahas	Web Designing		15Aug 2022 to 30Aug 202

**Subject:** Short internship (vocational training) for a project study on 'Angular JS Technology'.

**TO WHOM IT MAY CONCERN**

This is to certify that **Ms. Aishwarya Mahadeo Kokare**, a student of B.Tech (Computer Science & Engineering) at SVERI College of Engineering, Pandharpur worked under our company supervision during her vocational training in our organization from 15/8/2022 to 30/8/2022.

She has been assigned a project study on 'Angular JS Technology'. In course of the training, she showed a very positive attitude towards the attainment of the training objective.

We wish her a bright and successful career.

**Avadhut More,**

**CTO & Associate Director**

**Xabit Infotech Private Limited**

# Certificate of Training

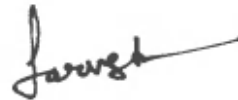

---

**Prasad Thorat**

has successfully completed an 8-week online training on **Web Development**. The training consisted of HTML, CSS, Bootstrap, DBMS, PHP, JS, React, and Final Project modules.

In the final assessment, Prasad scored 50% marks.

We wish Prasad all the best for future endeavours.

A handwritten signature in black ink, appearing to read "Sarvesh".

**Sarvesh Agarwal**

FOUNDER & CEO, INTERNSHALA

**A  
Seminar  
Report  
on  
“Single Page Application”**

Sr. No.	Roll No.	Name of Student
	46	Ganesh Balasaheb Jagadale

**Class: Third Year B.Tech.**

**SVERI's college of Engineering,  
Pandharpur,  
Department of Computer Science & Engineering  
Academic Year: 2022-23**

## Declaration

I undersigned have submitted the seminar report for the proposed project work entitled “**Single Page Application**” declare that we have submitted the synopsis after thorough study and is not copied from any source.

Sr. No.	Name of Student	Sign
	Ganesh Balasaheb Jagadale	

### Seminar accepted & approved by:

**Allotted Guide:** Ms. R.K.Patel

**Sign of Guide:**

**HOD CSE:** Dr. S. P. Pawar

**Sign of HOD:**

## **Abstract**

A Single Page Application (SPA) is a web application architecture that has gained prominence in recent years due to its ability to deliver seamless and responsive user experiences. Unlike traditional multi-page applications, SPAs load a single HTML page initially and dynamically update the content as users interact with the application, typically using JavaScript frameworks like React, Angular, or Vue.js. This approach reduces the need for full-page reloads, resulting in faster load times and a more fluid user experience.

In this abstract, we explore the key characteristics and advantages of SPAs, such as improved performance, enhanced user engagement, and the ability to create highly interactive web applications. We also discuss the challenges and considerations associated with building SPAs, including search engine optimization (SEO) concerns and the need for efficient state management.

Additionally, we examine real-world use cases where SPAs have proven to be particularly effective, such as social media platforms, online marketplaces, and collaborative web applications. We also delve into the role of APIs (Application Programming Interfaces) in facilitating data retrieval and communication in SPAs.

## **Introduction**

In the ever-evolving landscape of web development, user experience has emerged as a paramount concern. Users now expect web applications to be not only functional but also highly responsive, providing a seamless and engaging interface. This demand has led to the rise of Single Page Applications (SPAs), a transformative architectural approach that has redefined the way we interact with web content.

A Single Page Application is a pioneering web application design pattern that has gained significant prominence in recent years. Unlike traditional multi-page websites, which load separate HTML pages for each interaction, SPAs load a single HTML page initially and then dynamically update its content as users interact with the application. This dynamic behavior is typically achieved using JavaScript frameworks like React, Angular, or Vue.js, which handle the heavy lifting of rendering and managing content changes.

The fundamental concept behind SPAs is to deliver a more fluid and responsive user experience. By minimizing the need for full-page reloads, SPAs significantly reduce loading times, making interactions with the application feel almost instantaneous. This approach not only enhances user engagement but also offers a more app-like feel, akin to native mobile applications.

In this exploration of Single Page Applications, we will delve deeper into the key characteristics that define SPAs, their advantages, and the challenges they pose. We will also examine the real-world applications where SPAs excel, showcasing their adaptability and effectiveness in various contexts.

## **Need of Topic:**

### **1. Definition and Core Concept:**

- Explain what a Single Page Application (SPA) is.
- Highlight the primary concept of loading a single HTML page initially and updating its content dynamically without full-page reloads.
- Emphasize the role of JavaScript frameworks in SPA development, such as React, Angular, or Vue.js.

### **2. Advantages of SPAs:**

- Discuss the benefits of SPAs, including improved user experience, reduced page loading times, and enhanced interactivity.
- Explain how SPAs provide a more app-like feel and can work well on both desktop and mobile devices.
- Explore the advantages of client-side rendering and its impact on performance.

### **3. Challenges and Considerations:**

- Address the challenges associated with SPAs, such as search engine optimization (SEO) difficulties due to limited initial server-side rendering.
- Explain the need for efficient state management to handle complex user interfaces and maintain data consistency.
- Discuss the potential issues related to browser history and bookmarking in SPAs.

### **4. Architecture and Components:**

- Describe the architecture of SPAs, which typically consists of a single HTML file, JavaScript for dynamic content, and APIs for data retrieval.
- Explain the role of routing in SPAs and how it enables navigation within the application without triggering full-page reloads.
- Discuss the use of components or modules to organize and modularize the application's code.

### **5. Real-World Use Cases:**

- Provide examples of industries or applications where SPAs are particularly effective, such as social media platforms, online marketplaces, and collaborative tools.
- Showcase how SPAs enhance user experiences in these contexts and contribute to user engagement.

### **Problem Definition:**

Traditional multi-page web applications often suffer from slower load times, less responsive user interfaces, and a disjointed user experience due to frequent page reloads. Inefficient use of network resources, increased server load, and complex state management can hinder the development and maintenance of such applications. Therefore, there is a need for an alternative web application architecture that optimizes user experience, enhances performance, and simplifies development

### **Objectives:**

1. **Enhanced User Experience:** SPAs aim to provide a more seamless and responsive user experience by eliminating full-page reloads. Users can navigate within the application without interruption, akin to a native app, leading to increased engagement and satisfaction.
2. **Improved Performance:** One of the primary objectives of SPAs is to reduce loading times. By loading a single HTML page initially and dynamically updating content as needed, SPAs minimize the need to fetch and render entire pages. This results in faster load times and smoother interactions.
3. **Interactivity:** SPAs enable high levels of interactivity by efficiently managing the application state on the client side. This allows for real-time updates, dynamic content changes, and a fluid user interface, which is especially valuable for modern web applications.
4. **Efficient Resource Usage:** SPAs optimize the use of network resources by fetching only the data required for a specific interaction. This minimizes unnecessary data transfer and server requests, reducing operational costs and enhancing scalability.
5. **Simplified Development:** SPAs often leverage JavaScript frameworks like React, Angular, or Vue.js to facilitate development. These frameworks provide tools and patterns for building complex user interfaces and managing application logic, simplifying the development process.
6. **State Management:** SPAs prioritize effective state management, making it easier to handle and synchronize application data and user interactions. This leads to a more predictable and maintainable codebase.
7. **Cross-Platform Compatibility:** SPAs are designed to work seamlessly on various devices and screen sizes, making them suitable for both desktop and mobile applications. They adapt to different platforms, offering a consistent experience.
8. **SEO Improvement (When Addressed):** Although SPAs present SEO challenges by default, one of the objectives is to implement strategies to address these challenges. Techniques such as server-side rendering (SSR) or pre-rendering can be employed to improve search engine discoverability.
9. **Enabling Complex User Interfaces:** SPAs are well-suited for applications with complex user interfaces, such as interactive dashboards, real-time collaboration tools, and multimedia-rich content platforms.
10. **Progressive Web App (PWA) Features:** SPAs can be extended to include PWA features, such as offline access, push notifications, and installation prompts, enhancing the overall user experience and accessibility.
11. **Adaptability:** As technology evolves, SPAs are adaptable to incorporate emerging trends and technologies, ensuring that web applications remain competitive and up-to-date.

## **Scope of Topic:**

In the future, we intend to make the device check more parameters and also to provide the necessary equipment to maintain proper health of Pets

### **1. Architectural Concepts:**

- Detailed examination of the architectural principles underlying SPAs, including client-side rendering, asynchronous data loading, and the use of JavaScript frameworks.

### **2. Key Technologies:**

- Exploration of the essential technologies and tools used in SPA development, such as React, Angular, Vue.js, Webpack, and Babel.

### **3. Advantages and Benefits:**

- In-depth analysis of the advantages offered by SPAs, including improved user experience, enhanced performance, and efficient resource utilization.

### **4. Challenges and Considerations:**

- Discussion of the challenges associated with SPAs, such as SEO issues, state management complexities, and navigation and bookmarking concerns.

### **5. User Experience (UX):**

- Focus on how SPAs impact user experience, with an emphasis on smooth interactions, real-time updates, and responsive design.

### **6. Development Techniques:**

- Explanation of development techniques specific to SPAs, including client-side routing, lazy loading, and code splitting.

### **7. State Management:**

- Examination of state management approaches and libraries used to maintain and synchronize data and user interactions in SPAs.

### **8. SEO Strategies:**

- Strategies and methods to address SEO challenges in SPAs, including server-side rendering (SSR), pre-rendering, and best practices for optimizing search engine discoverability.

## Applications

Single Page Applications (SPAs) have found a wide range of applications across various industries and use cases. Their ability to provide a seamless and interactive user experience, reduce page loading times, and simplify development makes them suitable for numerous scenarios. Here are some prominent applications of SPAs:

1. **E-commerce Websites:**

- SPAs are commonly used in e-commerce platforms to provide users with a smooth shopping experience. Real-time product updates, instant filtering, and quick checkout processes enhance user engagement and increase sales.

2. **Social Media Platforms:**

- Social media sites, such as Facebook and Twitter, use SPAs to deliver a responsive and dynamic user interface. Features like real-time notifications, content feeds, and chat applications benefit from SPA architecture.

3. **Content Management Systems (CMS):**

- Content-rich websites and blogs benefit from SPAs to create dynamic and responsive user interfaces. SPAs help load articles, images, and videos quickly while providing a seamless browsing experience.

4. **Collaborative Tools:**

- Collaboration and project management tools, like Trello and Asana, use SPAs to facilitate real-time updates, smooth task management, and instant messaging between team members.

5. **Dashboard and Analytics Platforms:**

- Data visualization and analytics dashboards leverage SPA architecture to provide users with interactive and real-time insights. Users can customize views and interact with data dynamically.

6. **Travel and Booking Websites:**

- Travel and booking platforms employ SPAs to enable users to search for flights, hotels, and activities with real-time availability updates, filtering options, and instant booking confirmations.

7. **Gaming Websites and Apps:**

- Online gaming platforms use SPAs to create immersive gaming experiences by rendering game interfaces and connecting players in real time.

8. **Real Estate Listings:**

- Real estate websites utilize SPAs to provide interactive maps, property listings, and filtering options, allowing users to explore properties seamlessly.

9. **Financial Applications:**

- Banking and financial institutions use SPAs to offer features like account balance updates, transaction histories, and interactive financial planning tools.

10. **Learning Management Systems (LMS):**

- Educational platforms and LMS applications use SPAs to provide students with interactive course materials, quizzes, and progress tracking.

11. **Weather and Forecasting Apps:**

- Weather apps employ SPAs to deliver real-time weather updates, interactive maps, and forecasts

Subject: About getting Sponsored Project.

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute, Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per our Final Year B. Tech. (Computer Science and Engineering) syllabus, students/project groups are expected to complete a project sponsored by the same industry. They should observe various activities/processes/functions those are happening in industry for getting exposure & knowledge. Based on this, they should prepare a project report, which will be submitted to college.

Following mentioned our students are interested to do their project work with your esteemed organization. We request to provide necessary support to them. We assure you that student will complete the project in time without disturbing your scheduled work. The names of the students are as follows:

**Name of Student:**

- |                           |                               |
|---------------------------|-------------------------------|
| 1. Jadhav Abhishek Ashok  | 2. Sathe Omkar Ghansham       |
| 3. Lingade Vishal Anil    | 4. Jagdale Pavanraj Balasaheb |
| 5. Nagane Ananda Rajendra |                               |

**Name of Project Guide:** Prof. P.D.Mane

Such activity will really bridge the gap between industry & institute for further strengthening the relations resulting in powerful academic environment.

We will be grateful to you always.

Thanking you  
Yours truly,

S. P. Pawar

TO WHOM SO EVER IT MAY CONCERN

DATE - 15<sup>th</sup> March 2023.

This is to certify that Ms. **JAHIR PRANALI RAMESH** student of under graduate program ( Civil Engineering ), SVERI's College Of Engineering Pandharpur, Solapur Univercity has successfully completed Training / Internship for period of **27<sup>th</sup> FEB to 13<sup>th</sup> March** in year **2023-2024** in our organization under experienced experts.

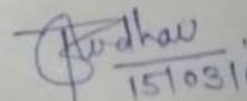

During her training Ms. Pranali has perused knowledge & experience in various activities of Civil engineering from our organization. During her training we found her to be Professional, knowledgeable and result oriented with theoretical & practical understanding of work requirements.

Overall Ms. Pranali performed her duties and responsibilities cheerfully with attention to detail at all times. With her enthusiasm to work, learn and progress, I am certain that she would make a great employee to any enterprise.

We found her be a good team leader besides being a hard worker. We have found her to be self starter who is motivated, duty bound, and a highly committed team player with strong conceptual knowledge and leadership qualities.

During her tenure with us for the above period, we found her efficient, her character and conduct were good.

We **JD CONSTRUCTION** wish her all success in her future endeavors.

Subject: - Letter of Appreciation for your Final Year Students.

Dear Sir/ Madam,

We are happy to inform you that your following students have interacted our team and visited our sites at **Shri Vitthal Building & Construction Pandharpur, Tal. Pandharpur, Dist. Solapur** for doing their final year project titled "**Strength of RC Beams Using Geopolymer Concrete and Adopting Bubble Technology**" during academic year 2022-23. The notable points of the projects are

1. Getting the knowledge about adopting bubble tube technology in concrete.
2. From experimental study it can be concluded that Geopolymer concrete possesses enhanced properties than conventional concrete.
3. Research project contributed to the knowledge of sustainable construction materials and innovative technologies, potentially leading to more environmentally friendly and structurally efficient building practices in the future.

To,  
Head of Department,  
Civil Engineering,  
College of Engineering, Pandharpur

Subject: - Letter of Appreciation for your Final Year students.

Dear Sir/ Madam,

We are happy to inform you that your following students have interacted our team and visited our sites at **Shree Vitthal Infra, A/P Wakhari Tal. Pandharpur, Dist. Solapur** for doing their final year project titled “Design and analysis of concrete pavement using rejuvenated aggregates” during academic year 2022-23. The notable points of the projects are

1. Research project contribute to advancing sustainable infrastructure development, promoting the use of rejuvenated aggregates, and providing insights into the performance of concrete pavements using recycled materials.
2. Getting knowledge of Pavement Quality Concrete.

**Name of students:**

1. Ms. Bagal Gitanjali
2. Ms. Bodake Sakshi
3. Ms. Katap Sneha
4. Ms. Halanwar Dhanashree
5. Ms. Sonwalkar Akanksha
6. Ms. Dhabade Priyanka

Subject: - Letter of sanction for your student's final year project.

Dear Sir,

We are happy to inform you that your following students have interacted with our team and presented the proposal regarding their final year project – **“Innovative concrete production: harnessing waste plastic bottles for sustainable construction”** during this academic year. After reviewing the same by our expert team, we have decided to sponsor this project in terms of required construction material, site visits for orientation and testing of blocks etc as applicable. We wish all the success to these students.

**Name of students:**

Kshitija Chavan

Harshada Deshmukh

Ankita Jagdale

Rajnandini Pawar

Rutuja Shirke

Thanks & Regards,

**Sarthak Construction**

Dear Sir,

We are happy to inform you that your following students have interacted with our team and presented the proposal regarding their final year project – **“Experimental investigation of ferrocement with partial replacement of cement and natural sand by waste brick powder and m-sand”** during this academic year. After reviewing the same by our expert team, we have decided to sponsor this project in terms of required construction material, site visits for orientation and testing of blocks etc as applicable.  
We wish all the success to these students.

No of Student Visited: 120

Name of Village Visited: Mundewadi, Tal-Pandharpur, Dist-Solapur.

Date of Visit: 12/06/2023

Student Visit to Mundewadi for **Sewer Design Project** on 12<sup>th</sup> June 2023, a group of students from the TY BTech Civil Department visited Mundewadi to conduct the sewer design.

This sewer design project focuses on addressing the critical infrastructure needs of Mundewadi. The current sewer system, inadequate for the expanding urban population, necessitates the creation of an efficient and environmentally conscious sewer system. Our primary objectives revolve around designing a system that caters to both current and future wastewater demands while minimizing its environmental footprint.

Our approach commenced with extensive data gathering and analysis, encompassing topographical, geotechnical, and hydrological data, as well as an in-depth study of population trends and wastewater flow rates. The hydraulic design phase centered on determining the optimal pipe sizes, gradients, and flow velocities to ensure that the system can handle peak demand. To mitigate environmental effects, we've integrated sustainable construction practices, eco-friendly materials, and wastewater treatment and recycling systems.

Our recommendations include the design of an extensive sewer network capable of accommodating existing and projected wastewater flows. Furthermore, we suggest the integration of green infrastructure elements, such as permeable surfaces and vegetation, to reduce runoff and enhance water quality. Public education and awareness campaigns will be instrumental in promoting responsible wastewater disposal. Rigorous cost management measures will be applied to ensure financial prudence, and we will stay vigilant in complying with evolving regulations.

Overall, this sewer design initiative for Mundewadi is pivotal in rectifying current infrastructure inadequacies and preparing for future urban expansion. By adhering to the recommendations outlined in this report, we can establish a resilient, sustainable, and

environmentally-friendly sewer system that serves the community while safeguarding the environment.

**The main objectives of conducting a sewer design project using contouring techniques are:**

1. **Learning:** Provide students with an opportunity to learn about the fundamental principles of sewer system design, including hydraulics, environmental considerations, and regulatory compliance.
2. **Practical Application:** Enable students to apply theoretical knowledge to a real-world engineering problem by designing a sewer system for a specific location or scenario.
3. **Problem-Solving:** Develop students' problem-solving skills by presenting them with design challenges and encouraging them to find creative and efficient solutions.
4. **Teamwork:** Promote teamwork and collaboration by assigning students to work in groups, simulating real-world engineering project dynamics.
5. **Data Analysis:** Teach students how to collect, analyze, and interpret data related to the project, including topographical information, soil properties, and population data.
6. **Environmental Awareness:** Raise students' awareness of the environmental impact of sewer systems and introduce them to sustainable and green infrastructure concepts.
7. **Regulatory Understanding:** Familiarize students with local, state, and federal regulations and permitting processes related to sewer design, helping them understand the importance of compliance.
8. **Communication Skills:** Enhance students' communication skills by requiring them to present their design proposals through reports, presentations, or design reviews.
9. **Cost Estimation:** Introduce students to cost estimation techniques, helping them understand the financial aspects of engineering projects.
10. **Critical Thinking:** Encourage critical thinking by having students evaluate the pros and cons of various design choices and justify their decisions.
11. **Creativity:** Stimulate creativity by allowing students to explore innovative design solutions within the project's constraints.
12. **Project Management:** Provide an introduction to project management concepts, allowing students to plan and execute their sewer design projects within specified timelines.

In summary, conducting a sewer design project for students aims to provide them with hands-on experience, practical skills, and a deeper understanding of the complexities of sewer system design. These objectives support their educational and professional development in the field of civil and environmental engineering.
