engineers
& fabricators

TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Mr. Satyavan Dhanaji Yadav** *a student of* **SVERI'S Collage of Engineering, Pandharpur** *studying in* **B-Tech (Mechanical)** *has successfully completed internship in our organization during period from* **19th Jan 2024 to 04th Feb 2024.**

The Candidate was found to be enthusiastic and observant during his stint in **Vijay Engineers & Fabricators Kolhapur** *his performance has been assessed as Excellent.*

This certificate is issued on his request.

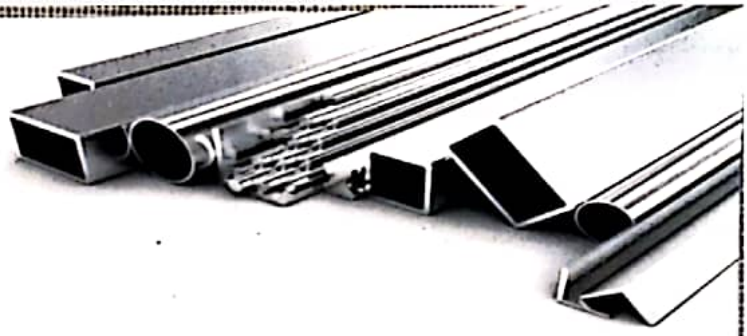

Date: 05th Feb 2024. **Place:** Kolhapur.

Thanking You,
Yours Faithfully,
For- Vijay Engineers & Fabricators

Laxmi Hydraulics Pvt.Ltd.
B-11 & B-16,MIDC,Chincholi,
Solapur- 413255.
Sub.: -About Internship.

Dear Sir/Madam,

Hope this letter finds you in good health and pleasant mood.

First of all, we wish to put forth few words regarding our College. Ours is **NAAC A+** certified Engineering College located in Pandharpur, the "South Kashi" of India and "Spiritual capital" of Maharashtra. "Shri Vitthal Education & Research Institute", Pandharpur, the trust established by group of qualified and experienced Technocrats in 1998. We offer the following four-year degree courses in engineering viz. Mechanical Engineering, Civil Engineering, Electronics & Telecommunication Engineering, Computer Science & Engineering and Electrical Engineering.

As per our Final Year B. Tech. (Mechanical Engineering) syllabus, In Semester-VIII, students/project groups are expected to undergo internship in any industry for minimum 60 days from 19 January 2024 onwards and should complete a project sponsored by the same industry. They should observe various activities/processes/functions those are happening in industry for getting exposure & knowledge. Based on this, they should prepare a project report, which will be submitted to college.

I request you to permit **Mr. Ghadage Saurabh Dhanaji** to undergo this internship training in your organization.

Such activity will really bridge the gap between industry & institute for further strengthening the relations resulting in powerful academic environment.

We will be grateful to you always.

Thanking you.

Yours faithfully,

Head
Department of Mechanical Engineering,
SVERI's COE, Pandharpur.

Internship Completion Letter

Dear Kedar,

We are pleased to certify that Kedar Abhyankar, a diligent and dedicated individual, has successfully completed 60 Days internship at OLA Electric Technology. Throughout the internship period, he has exhibited commendable enthusiasm, initiative, and a strong willingness to learn.

During his tenure with us, Kedar Abhyankar actively engaged in brief description of tasks and projects undertaken. He consistently demonstrated relevant skills and contributed positively to the team dynamics.

We believe that Kedar Abhyankar has gained valuable insights into industry, developed practical skills, and enhanced his professional competencies. He has proven his ability to adapt to diverse challenges and work effectively in a collaborative environment.

It is our pleasure to recognize Kedar Abhyankar dedication and accomplishments during the internship. We are confident that he will continue to excel in his future endeavors.

We wish Kedar Abhyankar the very best for his future endeavors, and we remain open to providing any further assistance or recommendations as he embark on his career journey.

Sincerely,

Pradeep Patil 10/5/24

Sub: -About getting Sponsored Project.

Reaspected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per our Final Year B. Tech. (Mechanical Engineering) syllabus, In Semester-VIII, students/project groups are expected to complete a project sponsored by the any industry. They should observe various activities/processes/functions those are happening in industry for getting exposure & knowledge. Based on this, they should choose project topic and complete project work. Also, project groups need to prepare a project report, which will be submitted to college. **I request you to permit following mentioned students to sponsored project in your organization.**

Such activity will really bridge the gap between industry & institute for further strengthening the relations resulting in powerful academic environment.

Name of student:

1. /Asabe Avantika Mahesh
2. /Khare Dakshata Dinesh
3. /More Sakshi Rajendra
4. /Jagtap Aakanksha Umesh

Name of Project Guide: Prof. P. K. Patil

We will be grateful to you always.

Thanking you.

Yours faithfully,
Head,
Department of Mechanical Engineering,
SVERI's COE, Pandharpur.

Report

on

Industrial Visit to

Shri Vitthal Sahakari Sakhar Karkhana Ltd.

Near Venu Nagar, Gursale, Pandharpur– 413304

Date of Visit: **05/12/2023**

Introduction:

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for S.Y.B.Tech. (Mechanical) (Part-I), the subject of **Applied Thermodynamics** includes industrial visit. In the process of the same, the industrial visit to Shri Vitthal Sahakari Sakhar Karkhana Ltd., Near Venu Nagar, Gursale, Pandharpur was organized on 05/12/2023 by the Mechanical Engineering Department, SVERI's College of Engineering, Pandharpur. Total **109** students and 04 faculty members were present for the industrial visit. The purpose of the visit was to provide students with practical insights into the sugar manufacturing process and the overall functioning of a sugar factory.

Objective of the Visit:

The primary objectives of the industrial visit were:

- To understand the sugar manufacturing process from raw material to final product.
- To gain knowledge about the machinery and technology used in a sugar factory.
- To observe the quality control measures implemented in the production process.
- To learn about the environmental and safety regulations followed in the sugar industry.

C.O.E. Pandharpur

Shri Vithal Education & Research Institute's
COLLEGE OF ENGINEERING, PANDHARPUR
P.B. No. 54, Gopalpur - Ranjani Road, Gopalpur, **Tal.:** Pandharpur- 413304, **Dist.:** Solapur (MH)
Contact No.: 9545553888, 9545553757, **E-mail :** coe@sveri.ac.in, **Website:** www.sveri.ac.in
Approved by **A.I.C.T.E.**, New Delhi and affiliated to Punyashlok Ahilyadevi Holkar Solapur University, Solapur
NAAC A+ Accredited Institute, ISO 9001-2015 Certified Institute.
Accredited by Institution of Engineers (India) and TCS.

Visit Schedule:

Introduction to the Factory:
- Overview of the history, scale, and production capacity of the sugar factory.
- Briefing on the types of sugar produced and the target markets.

Raw Material Handling:
- Visit to the raw material storage and processing area.
- Explanation of the types of sugarcane used and quality control measures in place.

Sugar Manufacturing Process:
- Detailed explanation and demonstration of each stage in the sugar manufacturing process.
- Observation of the crushing, extraction, clarification, and evaporation processes.

Machinery and Technology:
- Tour of the factory floor to observe the machinery used in various stages of production.
- Interaction with the technical staff to understand the technology employed.

Quality Control Measures:
- Presentation on the quality control procedures implemented throughout the production process.
- Discussion on measures taken to ensure the production of high-quality sugar.

Environmental and Safety Regulations:
- Overview of the factory's environmental policies and adherence to safety regulations.
- Observation of safety measures and equipment in place.

Outcomes and Conclusion:

The industrial visit to a sugar factory can yield several valuable outcomes for the students and faculty members. Here are some potential outcomes:

1. **Enhanced Understanding of Sugar Manufacturing Process:** Students gain a comprehensive understanding of the entire sugar manufacturing process, from raw material sourcing to the final product.

(Prof. D.T. Kashid)
Subject Teacher

(Dr. S. B. Bhosale)
Head, Mech. Engg. Dept.
of Mechanical Engg.
C.O.E. Pandharpur

2. Practical Exposure to Machinery and Technology: Exposure to the various machinery and technology used in sugar production helps participants bridge the gap between theoretical knowledge and practical application.

3. Insight into Quality Control Measures: Students learn about the quality control measures implemented at different stages of sugar production, ensuring they understand the importance of maintaining product quality.

4. Awareness of Environmental and Safety Practices: The visit provides insights into the environmental and safety regulations followed by the sugar industry, fostering awareness about sustainable and safe manufacturing practices.

5. Real-world Application of Classroom Learning: The industrial visit allows students to connect what they have learned in the classroom with real-world industrial processes, making their academic knowledge more tangible.

6. Networking and Interaction with Industry Professionals: Students have the opportunity to interact with professionals working in the sugar industry, enabling them to ask questions, seek advice, and potentially establish professional connections.

7. Exposure to Occupational Health and Safety Practices: Students become familiar with occupational health and safety practices implemented in industrial settings, contributing to their understanding of workplace safety standards.

8. Increased Motivation and Engagement: The firsthand experience gained during the industrial visit can motivate participants by providing a tangible and practical context for their academic studies. This increased motivation may positively impact their engagement in coursework.

9. Application of Regulatory Compliance: Students gain insights into how the sugar industry adheres to regulatory standards, promoting an understanding of compliance and ethical considerations in industrial operations.

(Prof. D.T. Kashid)
Subject Teacher

(Dr. S.B. Bhosale)
Head, Mech. Engg. Dept.

HEAD,
Dept. of Mechanical Engg.
C.O.E. Pandharpur

10. Potential for Research and Projects: The visit may inspire students to undertake research projects or assignments related to the sugar industry, allowing them to explore specific aspects of the manufacturing process in greater detail.

10. Soft Skill Development: Interactions with industry professionals and the overall exposure to the industrial environment contribute to the development of soft skills such as communication, teamwork, and adaptability.

In summary, an industrial visit to a sugar factory can have multifaceted outcomes, enriching Students knowledge, skills, and perspectives in preparation for their future roles in the industry.

Acknowledgments:

We would like to express our gratitude to the management and staff of Shri Vitthal Sahakari Sakhar Karkhana Ltd., Near Venu Nagar, Gursale, Pandharpur for their warm hospitality and for providing valuable insights into the sugar manufacturing industry.

Subject: - Seeking permission to visit your esteemed Industry.

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. The Engineering College is accredited by NAAC with A^{+}, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for S.Y.B.Tech. (Mechanical) (Part-I), the subject of **Applied Thermodynamics** includes industrial visit. In the processing of same, our second year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission **for 6 Faculty members** along with the **120 students** to visit your place on **05/12/2023.**

We will remain grateful to you if give chance for industrial visit.

Thanking you.
Yours faithfully,

30/11/23

Subject: About Permission to Visit Shri Vitthal Sahakari Sakhar Karkhana Ltd. Gursale

Respected Sir,

With reference to the subject cited above, we would like to visit Shri Vitthal Sahakari Sakhar Karkhana Ltd., Gursale for understanding various processes, equipment and associated systems. This will help us to identify the problems, if any, related to the field of Mechanical Engineering. This will enable our faculty members and students to work on the problems associated with sugar factories and suggest solutions based on the identified problems.

In view of the above, our 06 faculty members along with the 120 students will visit on Wednesday, 05/12/2023.

Please consider our request and give permission for the visit of our faculty members and students.

Thank you.

Yours faithfully,

Head
Department of Mechanical Engineering,
SVERI's COE, Pandharpur.

Subject: Permission for Industrial Visit of Final YearB.Tech. (B) (Mechanical Engg.)

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for Final Year B.Tech.(Mechanical Engg.) (Part-I), the subject of 'Automobile Engineering' and 'Refrigeration and Air Conditioning' include industrial visit. In the processing of same, we have sent letter/mail related to asking permission to visit industry. In response, permissionis granted by the same on 30/11/2023 to 02/12/2023.

We request you to grant us the permission to arrange visit of Final Year B.Tech. (B) (Mechanical Engg.) on 30/11/2023 to 02/12/2023.

Thanking you.

Semester-VII
ME412: Automobile Engineering

***Teaching Scheme**
Lectures:03 Hours/week, 03 Credits
Practical: 02Hours/week, 01 Credit

***Examination Scheme**
ESE: 70 Marks
OE : 25 Marks
ISE : 30 Marks
ICA: 25 Marks

Course Introduction:

An automobile is a self-propelled vehicle which contains the power source for its propulsion and is used for carrying passengers and goods on the ground, such as cars, buses, trucks, etc.,

Automobile engineering plays a vital role in engineering and the day-to-day modern world. It gained so much recognition and importance since vehicles became a fundamental mode of transportation. People want their own mode of transportation. Public transportation is present as a mode of transportation, making automobile engineering an important and rapidly growing field of engineering. Automobile engineering has great career scope and broad scope in engineering. It offers wide opportunities for students who want to become automobile engineers and want to build successful careers in the field. It includes automobile components manufacturing industries, vehicle manufacturing companies, production plants, transport companies, research and development departments, service stations, motor vehicle departments, private transport companies and many more.

Course Objectives:

1) To understand the need and role of chassis construction in the function of an automobile.
2) To understand the function of various parts of the automobile.
3) To identify the merits and demerits of the various components of the transmission and suspension systems.
4) To understand the working of different braking and steering systems.

Course Outcomes:

At the end of this course, the student will be able to:

1. Differentiate the types of vehicle chassis and transmission layouts.
2. Examine the various parameters influencing the vehicle's performance characteristics.
3. Select and explain the different transmission system components for efficient power transmission.
4. Analyse the different parameters influencing automobile steering systems.
5. Analyse the different parameters influencing automobile braking systems.
6. Compare the different suspension systems used in automobiles.

Section I

Unit-1: Introduction to Automobiles **No. of lectures-06**

Broad classification of Automobiles, Major components, and their functions. Types of vehicle drive layouts, Front engine front wheel drive, Front engine rear wheel drive, Rear engine rear wheel drive, All wheel drive.

Unit-2: Performance of Automobiles **No. of lectures-06**

Resistance to vehicle motion, Air, Rolling and Gradient resistance, Acceleration, Grade ability and draw bar pull, Traction and Tractive effort, Power required for vehicle propulsion, (Numerical treatment).

Unit-3: Transmission System **No. of lectures-08**

Requirements of transmission system, Requirements of automobile clutch, functions of clutch, Types of clutches: single plate, multi-plate, centrifugal, electromagnetic. Types of automotive gearboxes: sliding mesh gearbox, constant mesh gearbox and synchromesh gearbox, Automatic transmission, Overdrive, Propeller shaft, Universal and slip joint, Final drive and its types, Differential, Construction, and types of rear axles.

Section II

Unit-4: Steering System **No. of lectures-06**

Function of steering, Steering system layout, Types of steering gearboxes, Steering Geometry: Camber angle, Caster angle, Kingpin inclination, included angle, Toe-in and Toe-out, Wheel alignment, slip angle, Under steer & Over steer, Types and working of power steering.

Unit-5: Braking System **No. of lectures-06**

Function of the automotive brake system, Types of braking mechanism: internal expanding & Disc brake. Types of braking systems: Mechanical, Hydraulic & Air brake systems, Power brakes, Anti-lock braking system (ABS), Braking force and stopping distance (numerical treatment).

Unit-6: Suspension System **No. of lectures-08**

Requirements of the suspension system, Sprung and Un-sprung mass, Leaf springs, Coil springs, Shock absorber, Types of automotive suspension systems: Conventional suspension and Independent, Types of independent suspension systems: Double wishbone and MacPherson strut-type suspension systems, Rear axle drives: Hotch-kiss and Torque tube drive, Reaction Members: Antiroll/Sway/ Stabilizer bar.

Internal Continuous Assessment (ICA):

List of Experiments/Assignments/Case Studies (Any eight).

1. Study and demonstration of four-wheeler drive layout (2WD & 4WD).
2. Study and demonstration of working of single plate automobile clutch.
3. Study and demonstration of synchromesh gearbox, final drive and differential.
4. Study and demonstration of hydraulic braking system.
5. Study and demonstration of steering system layout and types of steering gearbox.
6. Study and demonstration of suspension system of a four-wheeler.
7. Demonstration/Experiment on wheel balancing & front wheel alignment.
8. Visit to servicing station for study of vehicle maintenance, repairs and report.
9. Study of awareness and practice of Road Safety Rules

Text Books:

1. Automobile Engineering by Kripal Singh
2. Automobile Mechanics by N. K. Giri
3. Automobile Mechanics by S. K. Gupta

Reference Books

1. Motor Vehicle by T. K. Garrett, K. Newton, W. Steeds
2. Handbook of Automotive Engineering by Hans-Hermann Braess, Ulrich Seiffert
3. Automotive Mechanics by William H. Crouse
4. Automotive Mechanics by Joseph Heitner

Punyashlok Ahilyadevi Holkar Solapur University

Final Year B.TECH. (Mechanical Engineering)

Semester-VII

ME411 : Refrigeration and Air Conditioning

Teaching Scheme

Lectures:03Hours/week, 03Credits

Practical :02Hours/week, 01Credit

Examination Scheme

ESE:70Marks

POE : 25 Marks

ISE: 30Marks

ICA: 25Marks

Course Introduction:

The **course** consists of different **refrigeration** cycles such as Air refrigeration cycle, Vapour Compression cycle, Vapour absorption cycle. It also covers properties of refrigerants and various alternative refrigerants and understanding of psychrometric and psychrometric processes used for the purpose of **air- conditioning**. Further, the comfort **air-conditioning** and cooling load calculations are also addressed in this **course**.

Course Objectives:

During this course, student is expected to:

1. Learning the fundamental principles and different methods of refrigeration and air conditioning.
2. To understand basic refrigeration processes.
3. Comparative study of different refrigerants with respect to properties, applications and environmental issues.
4. Understand the basic air conditioning processes on psychometric charts, calculate cooling load for its applications in comfort and industrial air conditioning.
5. To acquire the skills required to design and analyze refrigeration and air conditioning components and systems.

Course Outcomes:

At the end of this course, student will be able to:

1. Evaluate performance of various types of refrigeration systems.
2. Select appropriate refrigerant considering necessary properties.
3. Use Psychrometric chart and tables and analyze psychrometric process for obtaining required air

conditions.

4. Identify the factors of cooling load and its calculation.
5. Describe comfort chart and compare duct design methods.

Section I

Unit-1:Basic Refrigeration Cycles and Refrigerants — No. of lectures- 7

A) Thermodynamics

Principles and fundamentals of heat transfer, Refrigeration, Units of refrigeration, Applications of refrigeration, Reversed Carnot cycle with vapour as refrigerant, Calculation of COP ***(Numerical Treatment).***

B) Refrigerant

Classification, Desirable Properties, Nomenclature of Refrigerants, Selection of refrigerant, ASHRAE std. 34 for refrigerant safety classification, Secondary refrigerants, Effect on Ozone depletion and Global warming, Total equivalent warming impact (TEWI), Alternative Refrigerant.

Unit-2: Vapour Compression Refrigeration Systems — No. of lectures- 8

Working of simple vapour compression system, representation of different vapour compression cycle (VCC) on T-s and P-h diagram, Vapour compression cycle, Sub cooling, Superheating, Analysis and Performance calculations of above cycles. Effect of operating parameters on performance of VCC, actual VCC, methods of improving COP, Flash inter cooling, Compound compression with intercooling, Multiple evaporator systems ***(Numerical Treatment).***

Unit-3: Vapour Absorption Refrigeration Systems and Cryogenics — No. of lectures- 5

A) Limitations of VCRS, Working of simple vapour absorption system (VAS), Practical vapour absorption system, desirable properties of binary mixture (aqua-ammonia), COP of an ideal Vapour Absorption Refrigeration System, Li-Br absorption system, three fluid system (Electrolux refrigeration), applications of VARS, comparison between VCRS and VARS

B) Introduction to cryogenics Limitations of vapour compression systems for the production of low temperature, Cascade Refrigeration System, Linde System for liquefaction of air. Applications of Cryogenics. (Descriptive Treatment).

Section II

Unit-4:Psychrometry **No. of lectures-7**

A) Introduction

Psychometrics terms, Dalton's law of partial pressure, Psychometrics relations, Enthalpy of moist air, Use of psychometric tables and Charts, Psychometrics Processes, Combinations And Calculations, SHF, BPF, ADP Coil condition line, ***(Numerical Treatment)***

B) Comfort Conditions

Human Comfort Thermodynamics of human body, comfort and comfort chart, factors affecting human comfort, concept of infiltration and ventilation, indoor air quality requirements.

Unit-5: Heating and Cooling Load Calculations **No. of lectures-8**

Enumeration and brief explanation of the factors forming load on refrigeration and air conditioning systems, Ventilation requirements according to ASHRAE std. 62.1, Inside and Outside Design conditions, U-value for different building materials, CLTD, SCL, Cooling load calculations using E20 format/ software, Load analysis by RSHF, GSHF ***(Numerical Treatment).***

Unit-6: Air Conditioning and Air Distribution Systems **No. of lectures- 5**

A) Room air conditioning, Chilled water systems, DX systems, Comparison between Chilled water and DX systems, Air handling unit, Fan coil unit, Desert coolers, Air-washer, Industrial applications

B) Classification of ducts, pressure in ducts, flow through duct, equivalent diameter, Methods of duct system design: equal friction, velocity reduction, static regain method, types of fans used air conditioning applications, fan laws, External Static Pressure (ESP), grills, registers, diffusers.

Internal Continuous Assessment (ICA):

List of Experiments/Assignments/Case Studies, etc.

Group 1 (Study, Demonstration of any four assignments on following)

1. Study of Refrigeration methods
2. Study of Refrigeration Equipments
3. Study of Refrigeration Systems–Domestic refrigerator, Split air conditioner, Ice Plant, Deepfreezer etc.
4. Study of charging, leak testing of refrigeration systems
5. Case Study (Any One of the following)
    a) Refrigeration and Air-Conditioning systems used in Space Station/Satellites/ Rockets/Submarines/ Automobiles
    b) ASHRAE standards in Refrigeration and Air-Conditioning
    c) Application of Phase change materials in refrigeration

Group II (Any three experiments out of the following)

1. Trial on Refrigeration primer / berich
2. Trial on mini ice plant
3. Trial on Vapour Absorption system
4. Trial on Air conditioning tutor
5. Calculation of cooling load for given space drawing

Group III(Any oneout of the following)

1. Visit to Refrigeration plant or Central Air Conditioning plant
2. Usage of software for cooling load calculation

Text Books:

1. 'Refrigeration and Air Conditioning' by R.S. Khurmi & J.K. Gupta
2. 'Refrigeration & Air Conditioning' by C. P. Arora
3. 'Refrigeration & Air Conditioning' by Arora & Domkundwar
4. 'Refrigeration and Air-conditioning' by S. N. Sapali

Reference Books

1. Basic Refrigeration and Air Conditioning by P. N. Ananthnarayanan
2. Principles of Refrigeration 'by Roy J Dossat
3. Air Conditioning Applications & design' by W. P. Jones
4. Refrigeration &Air Conditioning by Stocker
5. Refrigeration &Air Conditioning by Manohar Prasad

Subject: - Seeking permission to visit your esteemed Industry.

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for L.Y.B.Tech. (Mechanical) (Part-I), the subject of **'Refrigeration And Air Conditioning'** include industrial visit. In the processing of same, our third year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission **for 4 Faculty members** along with the **40 students** to visit your place on **30/11/2023.**

We will remain grateful to you if give chance for industrial visit.

Thanking you,
Yours faithfully,

Devgiri Mahanand Dairy,

Bagtalab, Maharashtra 431007,

I hope this message finds you well. I am writing on behalf of SVERI'S COLLEGE OF ENGINEERING PANDHARPUR requesting permission for a group of our college students to visit your esteemed company.

Our college is committed to providing practical exposure to our students, and we believe that a visit to Cosmic Refrigeration would be an invaluable learning experience for them. This visit would offer them insights into the workings of a successful company and the opportunity to interact with industry professionals.

Here are some details about the proposed visit:

Date and Time:30/11/2023 at 11 am
Number of Students:80
Faculty Supervision:1. Dr.S.N.kale
2.Mr. S.L. Sathe
3. Mrs. S.M. Vasekar
Purpose: To gain practical insights into various automobile operations, industry trends, and career opportunities.
We assure you that the visit will be conducted with the utmost respect for your company's policies and guidelines. Our students will adhere to any security or confidentiality requirements that your company may have.

We kindly request your consideration of this request, and if you require any further information or have specific requirements for the visit, please do not hesitate to contact us.

Thank you for considering our request, and we look forward to the possibility of our students visiting your company.

Sincerely,

--
Thanks & Regards...

Subject: Permission for Industrial Visit of Third Year B.Tech.(Mechanical Engg.)

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for Third Year B.Tech.(Mechanical Engg.) (Part-I), the subject of 'CAD/CAM/CAE, Metrology, Industrial hydraulics & Pneumatics,' include industrial visit. In the processing of same, we have sent letter/mail related to Top Gear Transmission Satara, Asian Equipment, Koregaon and Bharat Forge Satara asking permission to visit industry. In response, permission is granted by the same on 01/12/2023 and 2/12/2023.

We request you to grant us the permission to arrange visit of Third Year B.Tech. (Mechanical Engg.) on 01/12/2023 and 02/12/2023.

Thanking you.

To,
The Principal,
SVERI's College of Engineering,
Pandharpur

Sub: - About Duty leave.

Respected Sir,

We undersigned staff members will be visiting to Top Gear Transmission, Asian Equipment, Karad and Bharat Forge along with Third Year B.Tech.A & B (Mechanical Engg.) students from 01/12/2023 and 02/12/2023.

Kindly consider the case & please do the needful for the same.

You are kindly requested to grant duty leave for following staff members.

Thanking you.

Sr. No.	Name of Faculty	Signature
1.	Mr. C.C.Jadhav	
2.	Mr. K. S. Pukale	
3.	Mr.A.K.Parkhe	
4.	Mr. S.N.More	
5.	Mrs.S.M.Vasekar	
6.	Mr. A. A. Shinde	
7.	Mr. M.P. Salunke	

HOD, Mech Engg. Dept.

Professional Elective –III: A. Gas Turbines, B. Tool Engineering, C. Industrial Hydraulics Pneumatics D. Mechanical Vibrations

- **Note –**

1. Batch size for the practical /tutorial shall be of 15 students. On forming the batches, if the strength of remaining students exceeds 07, then a new batch shall be formed.
2. Industrial Training (evaluated at Final Year Sem.-I) of minimum 30 days shall be completed in any vacation after S.Y. Sem.-IV but before Final Year Sem.VII & the report shall be submitted and evaluated in Final Year Sem.-VII.
3. Students shall select one Self Learning Module at T.Y. Sem. V from Humanities and Social Sciences.
4. Curriculum for Humanities and Social Sciences Self Learning Modules is common for all under graduate programmes of faculty of Engineering and Technology.

5. **For T. Y. Sem. V**

A. Student can select a Self Learning Course from PAH Solapur University, Solapur HSS Course List and appear for its examination as and when conducted by PAH Solapur University, Solapur

OR

B. Student can enroll for National Programme on Technology Enhanced Learning (NPTEL) course, complete its assignments and Appear for certificate examination as and when conducted by NPTEL.

For more details about Self Learning Course (HSS), please refer to separate rule document available from PAH Solapur University, Solapur (http://sus.ac.in/uploads/engineering/Eng%20Revised%20Semester%20Pattern/Self%20Learning-%20H.S.S.%20courses%20All%20Engg.Branches_2014-15.pdf). More details about NPTEL are available at http://nptel.ac.in

6. ICA assessment shall be a continuous process based on student's attendance and performance in class tests, assignments, homework, seminars, quizzes, case studies and journals, as applicable.

Punyashlok Ahilyadevi Holkar Solapur University, Solapur

Third Year B.Tech. (Mechanical Engineering)

Semester-V

ME 312 : CAD-CAM-CAE

Teaching Scheme
Lectures: 03 Hours/week, 03 Credits
Practical : 02Hours/week, 01 Credit

Examination Scheme
ESE : 70 Marks
ISE : 30 Marks
ICA : 25 Marks

Course Introduction:

Now-a-days industries cannot survive worldwide competition unless they introduce new products with better quality, at lower cost, and with shorter lead time. Accordingly, they have tried to use the computer's huge memory capacity, fast processing speed, and user-friendly interactive graphics capabilities to automate and bind together thus reducing the time and cost of product development and production. Computer-Aided Design (CAD), Computer-Aided Manufacturing (CAM), and computer-aided engineering (CAE) are the technologies used for this purpose during the development of mechanical product with best quality and lowest cost. Students must have knowledge of CAD, CAM and CAE. Therefore, this course contains syllabus related to CAD, CAM and CAE activities.

Course Objectives:
The course aims to :

1. Create an awareness regarding Geometric Modeling activities in Industries.
2. Create an awareness regarding CAM activities in Manufacturing Industries.
3. Develop part programming capabilities for CNC machines.
4. Empower students to learn advanced tools in Automation.
5. Utilize modern tools for design, analysis and manufacturing activities.

Course Outcomes:
At the end of this course, student will be able to:

1. Solve CAD related problems from industries.
2. Elaborate the concept of geometric modelling
3. Create solid model in CAD/CAM/CAE environment according to predefined parameters
4. Analyze Geometric transformations and FEA applications to mechanical component.
5. Solve CAM related problems of manufacturing industries.
6. Develop CNC part programming to operate CNC milling & turning machine to manufacture a Mechanical part.

Internal Continuous Assessment (ICA):

List of Experiments/Assignments/Case Studies, etc.

1. Assignment on Modeling & Drafting of any two mechanical components.
2. Assignment on Modeling of simple Assembly of around 3-5 machine components.
3. Assignment on Elements used in FEM analysis
4. Assignment on Rapid Prototyping
5. Assignment on FEA based structural analysis of simple mechanical component.
6. Assignment on FEA based thermal analysis of simple mechanical component.
7. Part programming of one job using CAM software or Programming and manufacturing of one job on CNC lathe or CNC Milling machine.
8. Assignment based on Industrial visit and its report based on CNC/FMS/Automation.

Text Books:

1. Introduction to CAD/CAM, Rao P.N., -Tata McGraw Hill Publishing Co.
2. Automation, Production Systems and Computer Integrated Manufacturing, Grover M.P.- Prentice Hall of India
3. Numerical Control -Computer Aided Manufacturing, Kundra, Rao, Tiwari- TMHillPub.Co.
4. CAD/CAM/CAE, Chougule N.K.- SCITECH Publications (I) Pvt. Ltd.
5. CAD/CAM/CIM, P. Radhakrishanan.

Punyashlok Ahilyadevi Holkar Solapur University, Solapur

Third Year B.Tech. (Mechanical Engineering)

Semester-V

Professional Elective - III

ME 315 (C) : Industrial Hydraulics & Pneumatics

Teaching Scheme
Lectures : 03 Hours/week, 03 Credits
Practical : 02Hours/week, 01 Credit

Examination Scheme
ESE : 70 Marks
ISE : 30 Marks
ICA : 25 Marks

Course Introduction:

This course introduces hydraulic system & pneumatic system. Initially it covers the construction & working of various components of fluid power systems. Preparation of hydraulic & pneumatic circuit diagrams for various applications using the ISO symbols of hydraulic & pneumatic components is covered. Inclusion of use of catalogues of hydraulic & pneumatic component manufacturers for selection of components is also done in this course. Students will be made familiar with use of software for hydraulic & pneumatic circuit design.

Course Objectives:

The course aims to:

1. Understand advantages & disadvantages of fluid power systems.
2. Become familiar with the construction and function of the different hydraulic & pneumatic components/ devices.
3. Know suitability of any hydraulic & pneumatic components for specific application.
4. Understand the operation of basic circuits

Course outcomes:

At the end of this course, students will be able to

1. Choose hydraulic & pneumatic systems for proper applications
2. Explain construction & working of hydraulic & pneumatic system components/ devices
3. Select appropriate actuators for a particular application
4. Draw symbols of hydraulic & pneumatic system components/ devices
5. Prepare hydraulic & pneumatic circuits for various applications
6. Identify process flow on a hydraulics or pneumatic schematic

Unit-6: Pneumatic circuits **No. of lectures-06**

Simple Pneumatic circuits, time delay circuit, Pneumatic clamping system, Pneumatic braking systems, Pneumatic power tools

Internal Continuous Assessment (ICA): Any 8 from given list of experiments

1. ISO symbols for different components of Hydraulic and Pneumatic system
2. Study of hydraulic valves
3. Study of pneumatic valves
4. Demonstration of Hydraulic speed control circuits
5. Demonstration of hydraulic speed control circuits
6. Demonstration of Traverse & feed circuit
7. Demonstration of sequencing circuit
8. Demonstration of pneumatic circuits
9. Test on Gear/Vane/Piston pump and plotting of performance characteristic
10. Software use for hydraulic & pneumatic circuit design
11. Design of hydraulic/pneumatic circuit for practical application, Selection of different components such as reservoir, various valves, actuators, filters, pumps based on design. (Students are advised to refer manufacturers' catalogues)
12. Visit to Service station of Earth Moving equipment (Note: Students should write visit report based on the observations made during the visit)

Text Books:

1. Oil Hydraulics- Principle & Maintenance, S. R. Majumdar, Tata McGraw Hill
2. Hydraulics and Pneumatics H.L.Stewart – Industrial Press
3. Pneumatics- Principle & Maintenance, S. R. Majumdar, Tata McGraw Hill
4. Fluid Power with Applications, Anthony Esposito, Pearson Education

Reference Books

1. Eaton-Vickers Industrial Hydraulics Manual
2. Festo's Manual on Pneumatic Principle, applications
3. Hydraulics And Pneumatics, Jagadeesha T, Dreamtech Press

Punyashlok Ahilyadevi Holkar Solapur University, Solapur

Third Year B.TECH. (Mechanical Engineering)

Semester-V

ME 318 : Metrology

Teaching Scheme
Practical : 02Hours/week, 01 Credit

Examination Scheme
POE : 25 Marks
ICA : 25 Marks

Course Introduction:

The students of Mechanical Engineering branch are basically concerned with manufacturing various machine components in shops as per given drawing. Today the industrial processing and manufacturing techniques have become complex and complicated and their control is very much difficult by human judgment only. Therefore, the exact and precise measurements are the basic need of the industries. This course of Metrology & Instrumentation, therefore, provides required knowledge and skills and creates self confidence in students so that they can work on shop floor independently for accurate and precise measurements and manufacturing.

Course Objectives:

The course aims to:

1. Calibrate the instruments like vernier calliper and micrometer.
2. Perform angle measurement using a sine bar.
3. Measure various gear tooth elements using gear tooth vernier caliper.
4. Use dial indicator to check Lathe machine parameters like parallelism, squareness, alignment
5. Measure effective diameter of a screw thread.
6. Select adequate limits and fits for various applications.

Course Outcomes:

At the end of this course, student will be able to:

1. Calibrate the instruments like vernier calliper and micrometer.
2. Perform angle measurement using a sine bar.
3. Measure various gear tooth elements using gear tooth vernier caliper.
4. Use dial indicator to check Lathe machine parameters like parallelism, squareness, alignment etc.
5. Measure effective diameter of a screw thread.
6. Select adequate limits and fits for various applications.

Subject: - Seeking permission to visit your esteemed Industry.

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. (Mechanical) (Part-I), the subject of '**Industrial Hydraulics and Pnuematics**' include industrial visit. In the processing of same, our third year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission **for 5 Faculty members** along with the **45 students** to visit your place on **01/12/2023 or 02/12/2023.**

We will remain grateful to you if give chance for industrial visit.

Thanking you,
Yours faithfully,

Dear Sir,

This refers to your mail for your college student Industrial visit, we hereby confirm your visit at below requisite date & time.

Please ask students to follow the companies policies & safety guidelines strictly.

Kindly ensure following,

1] Shoes for all student is compulsory.

2] Mobile not allowed inside the shop floor.

3] No photos.

Kindly arrange your visit on 02.12.2023

Regards,

Praveen V Khot

Dear Sir,

As per curriculum of PAHSU, Solapur our T. Y. Mechanical Engineering students need to visit Industry. In the process of the same our students are interested to visit your esteemed Industry.

Kindly grant permission to our students.

Attachment: Letter from Head of Department.

Thanks & Regards

S. Y. Salunkhe

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. Industrial Visit Report

Date: 03/12/2023

To,
The Principal,
College of Engineering,
Pandharpur.

Subject: Report of Industrial Visit.

Name of Industry with address:

1. Asian Equipments Koregaon,
   Koregaon-Rahimatpur Rd, Koregaon, Maharashtra 415501.
2. Bharat Forge, Satara
   Opp. Jarandeshwar Railway Station, Vaduth, Satara, Maharashtra, 415011, India
3. Top Gear Transmission, Satara
   M-71, Additional, MIDC, Satara, Maharashtra 415004

Date of visit: 01 Dec 2023 and 02 Dec 2023.

Respected sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. Mechanical Engineering semester-I, Industrial Hydraulics & Pneumatics, Metrology and CAD-CAM-CAE Subjects include industrial visit in this regard 62 students along with 07 faculty member visited Asian Equipments Koregaon, Bharat Forge, Satara and Top Gear Transmission, Satara on 01 Dec 2023 and 02 Dec 2023. During visit we had seen various CNC, VMC, HMC machining processes, types of compressors, FRL unit, types of advanced measuring instruments used for different manufacturing. From this industrial visit student got practical knowledge about manufacturing of Gear, compressor and inspection instruments etc. Also they have learned about industrial knowledge and they got satisfied with the visit.
This is for your kind information and needful action.

Thanking you.

Report
on
Industrial Visit to
Asian Equipments, Plot No. A13/14, MIDC Koregaon, Dist. Satara

Date of Visit: **01/12/2023**

Introduction:

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. (Mechanical) (Part-I), the subject of **Industrial Hydraulics and Pneumatics** includes industrial visit. In the process of the same, the industrial visit to Asian Equipments, Plot No. A13/14, MIDC Koregaon, Dist. Satara was organized on 01/12/2023 by the Mechanical Engineering Department, SVERI's College of Engineering, Pandharpur. Total 75 students and 06 faculty members were present for the industrial visit. The company specializes in the manufacturing of industrial equipment and machinery especially compressors. The purpose of the visit was to gain practical insights into their operations, understand their manufacturing processes and operation of various types of compressors and observe how they maintain quality standards.

Company Overview:

Name: Asian Equipments

Address: Plot No. A13/14, MIDC Koregaon, Dist. Satara

Type of Industry: Industrial Equipment Manufacturing

Key Products: Screw Air Compressors, Tank Mounted Screw Compressors, Refrigeration Air Dryers, Vertical Air Receivers, Line Filters, Auto Drain Valves, Portable Air Compressors

(Dr. S. B. Bhosale)
Head, Mech. Engg. Dept.

HEAD,
Dept. of Mechanical Engg
C.O.E. Pandharpur

Shri Vithal Education & Research Institute's
COLLEGE OF ENGINEERING, PANDHARPUR
P.B. No. 54, Gopalpur - Ranjani Road, Gopalpur, Tal.: Pandharpur- 413304, Dist.: Solapur (MH)
Contact No.: 9545553888, 9545553757, E-mail : coe@sveri.ac.in, Website: www.sveri.ac.in
Approved by A.I.C.T.E., New Delhi and affiliated to Punyashlok Ahilyadevi Holkar Solapur University, Solapur
NAAC A+ Accredited Institute, ISO 9001-2015 Certified Institute.
Accredited by Institution of Engineers (India) and TCS.

1. In-depth Understanding of Manufacturing Processes:

Witnessing the production processes firsthand provided a comprehensive understanding of the intricacies involved in the manufacturing of industrial equipment such as Screw Air Compressors, Tank Mounted Screw Compressors, Refrigeration Air Dryers, Vertical Air Receivers, Line Filters, Auto Drain Valves and Portable Air Compressors. The utilization of advanced machining techniques and automated assembly lines was particularly enlightening.

2. Practical Application of Classroom Learning:

The visit served as a bridge between theoretical knowledge gained in the classroom and its practical application in an industrial setting. Observing concepts such as CNC machining, assembly line operations, and quality control in action enhanced our understanding of the subject matter.

3. Inspiration for Future Projects:

The visit inspired ideas for potential academic or research projects. Understanding the real-world challenges faced by industrial equipment manufacturers could serve as a foundation for innovative projects within our academic curriculum.

In conclusion, the visit to Asian Equipments was a valuable experience that went beyond the scope of a typical classroom education. The outcomes of this visit contribute significantly to our academic and professional growth, providing a practical perspective on the industrial landscape and its intricacies.

Acknowledgment:

I extend my gratitude to the management and staff of Asian Equipments for their hospitality and for providing us with valuable insights during the visit.

Industrial Visit Evaluation Form
[FEEDBACK FORM]

Please give rating (1 to 5) for the evaluation of today's industrial visit. Your feedback is valuable for continual improvement.

Name of student:- Komal Dadaso Pawar

Visit Place:- Asian compressor, Top Gear satara, Bharat Forge.

Sr. No.	Parameter	Excellent 5	Very Good 4	Good 3	Average 2	Poor 1
1.	Correlation with theoretical background.		✓			
2.	Correlation with practical skill requirement based on industry.	✓				
3.	Correlation with importance of Design/Development solution for desired needs in realistic constraint.			✓		
4.	Correlation in understanding approach of solving the complex Problems.	✓				
5.	Correlation about usage modern tools for planning, design and importance.		✓			
6.	Correlation of project to bring out importance of Societal and environmental aspects.	✓				
7.	Correlation about the ensuring principals of professional ethics and responsibility of individual and multidisciplinary team work for making project successful.		✓			
8.	Correlation about project knowledge community to site individual, team member through reports, design and documentation for effective communication and implementation of ideas.	✓				
9.	Correlation about exposure to importance of Engineering and management principal.	✓				
10.	Correlation about need of life-long learning in the context of technological changes in the industry.		✓

INDUSTRIAL VISIT RECORD

Name of Industry:

1. Kamala Plastics,
   W59, M.I.D.C. Gokul Shirgaon,
   Kolhapur, Maharashtra-416234.
2. Rajlaxmi Plastics,
   J-29, MIDC Gokul Shirgaon,
   Kolhapur, Maharashtra-416234.

Visit Day & Date: Sunday, 28 April 2024.

Class & Division: T. Y. B. Tech. (A & B)

Course Name: Plastic Engineering (**ME325**)

Academic Year: 2023-24

Semester: II

Industrial Visit Report

Date: 29/04/2024

To,

The Principal,

College of Engineering,

Pandharpur.

Subject: Report of Industrial Visit.

Name of Industry with address:

1. Kamala Plastics,
   W59, M.I.D.C. Gokul Shirgaon,
   Kolhapur, Maharashtra-416234.

2. Rajlaxmi Plastics,
   J-29, MIDC Gokul Shirgaon, Kolhapur, Maharashtra-416234.

Date of visit: 28 April 2024.

Respected sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. Mechanical Engineering semester-II, Plastic Engineering Subject include industrial visit in this regard 117 students along with 07 faculty member visited Kamala Plastics, Kolhapur, Rajlaxmi Plastics, Kolhapur on 28/04/2024. During visit we had seen various molding processes used for plastic material like Injection molding, Extrusion molding, Blow molding (Automated and semi-sutomated) along with different inspection methods used for checking raw material as well as finished plastic components. From this industrial visit student got practical knowledge about manufacturing of Hollow plastic components like Water bottles, soft drink bottles, jars with different agricultural products including PVC Pipes, Poly-fittings, Filters, Sprinklers, HDPE Pipes, LDPE Pipes, etc. using Injection molding, Blow molding and Extrusion molding process.

This is for your kind information and needful action.

Thanking you

Subject: Permission for Industrial Visit of Third Year B. Tech. (Mechanical Engineering)

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for Third Year B. Tech. (Mechanical Engg.) (Part-II), the subject of 'Plastic Engineering' include industrial visit. In the processing of same, we have sent letter/mail related to Kamala Plastics, Kolhapur, Rajlaxmi Plastics, Kolhapur asking permission to visit industry. In response, permission is granted by the same on 28/04/2024.

We request you to grant us the permission to arrange visit of Third Year B.Tech. (Mechanical Engg.) on 28/04/2024.

Thanking you.

Punyashlok Ahilyadevi Holkar Solapur University, Solapur

Third Year B.TECH. (Mechanical Engineering)

Semester-VI

Professional Elective – IV

ME 325 (C) : Plastic Engineering

Teaching Scheme	Examination Scheme
Lectures : 03 Hours/week, 03 Credits	ESE : 70 Marks
Practical : 02Hours/week, 01 Credit	ISE : 30 Marks
	ICA : 25 Marks

Course Introduction:

During this course, student is exposed to following knowledge-

1. Study of extraction, manufacturing of plastic material and classification.
2. Study of various properties of plastic materials, comparative study of the plastics on the basis of parameters like structure, cost and processing time etc.
3. Study and Comparison of the different processes on the basis of parameters like design of plastic part, cost and processing time etc.
4. Design of plastic part, die/molds, correct selection & design leads to compact & less cost of systems.

Course Objectives:

The course aims to:

1. To understand the mechanism of polymerization, techniques of polymerization
2. To provide the depth knowledge about different kinds of plastic materials based on their structure and properties.
3. To make the students familiar about properties and processing of plastics and use it for different applications.
4. To provide the depth knowledge about plastic product design and different kinds of die/mould design.

Course Outcomes:

At the end of this course, student will be able to:

1. Predict the structure and properties of different kind of plastic material and select the plastic materials for particular end user application.
2. Know the processing of different plastic material based on the end user requirement.
3. Design the plastic products
4. Design compression and transfer molds
5. Design Injection Moulds
6. Design plastic injection mould for cooling

Section I

Unit-1: Study of *Plastic Materials* **No. of lectures - 06**

Definition and Classification of Plastic Materials, Properties of plastics, applications, Testing methods for plastics, additives in plastics, Monomers & Polymers, Polymerization - Types of Polymerization.

Introduction to composite plastics, Introduction of polymer degradation and biodegradable plastics, advanced application like Agriculture, Packaging, Building, Transport, Electrical, Electronics, Medical and Furniture.

Unit-2: Processing of Plastics and Welding of Plastics **No. of lectures - 07**

Processing of Plastics:

Injection molding, Extrusion molding, sheet forming processes, calendaring, Blow molding, Processing of thermosetting plastics, compression molding, Transfer molding, rotational molding.

Welding of Plastics:

Hot gas welding, hot tool welding, High frequency induction welding, laser welding, Infrared welding, ultrasonic welding, friction welding.

Unit-3: Design of Plastic Parts **No. of lectures - 07**

Basic design features, Tolerances of molded plastics parts, allowances in plastics, Design corners, undercuts, curing time, ribs, minimum wall thickness, design of inserts, cores mold materials.

Section II

Unit-4: Design of compression and transfer molds **No. of lectures – 08**

a) Design and main parts of compression mould, standard insert mould body, design of loading chamber, design of punch, ejectors, stripper guided pin.

b) Technology of transfer mould, types, main parts, automation in transfer mould.

Unit-5: Injection Mould Design **No. of lectures – 06**

Injection mould design, Single, multi cavity, semi-automatic and automatic moulds. Types of injection mould, detailed structure and working. Feed system, Temperature control system, Ejection System, application.

Unit-6: Cooling of plastic injection mould **No. of lectures – 06**

Determining the heat quantity dissipated with cooling, heat dissipation with natural cooling, mean temperature, thermal resistance of mold body, summery of dimension and construction of correct cooling system.

Internal Continuous Assessment (ICA):
List of Experiments/Assignments/Case Studies, etc.

1. Study of plastic material- Polymerization, properties and specific applications in wide areas.
2. Design of Plastic product.
3. Injection mould design for simple component.
4. Design of Compression mould.
5. Design of Blow Mould.
6. Two Case studies for mould manufacturing-At least one case study with any CAD/CAM software.
7. Study and applications of advanced Plastics.
8. Industry Visit to Plastic part manufacturing Units (Min. Two Units).

Kolhapur, Maharashtra-416234.

Subject: - Seeking permission to visit your esteemed Industry.

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. (Mechanical) (Part-II), the subject of '**Plastic Engineering**' include industrial visit. In the processing of same, our third year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission **for 6 Faculty members** along with the **117 students** to visit your place on **28/04/2024.**

We will remain grateful to you if give chance for industrial visit.

Thanking you,
Yours faithfully,

Head
Department of Mechanical Engineering,
SVERI's COE, Pandharpur.

To,
The Director,
Kamala Plastics,
W59, M.I.D.C. Gokul Shirgaon,
Kolhapur, Maharashtra-416234.

Subject: - Seeking permission to visit your esteemed Industry.

Respected Sir,

Hope this letter finds you in good health and pleasant mood.

It gives me immense pleasure to put before you few words about our institute. Shri Vithal Education and Research Institute (SVERI), a Charitable Trust formed by devoted technocrats, established its first project, College of Engineering, Pandharpur in 1998 with approval from AICTE, New Delhi and Government of Maharashtra. All eligible UG courses of our college are accredited by NBA. The Engineering College is accredited by NAAC with A+, TCS, The Institution of Engineers (India), Kolkata and is also ISO 9001:2015 Certified. To continue with the developmental process, the trust has started College of Pharmacy and College of Pharmacy (Poly.) from academic year 2006-07 and also College of Engineering (Poly.) from the academic year 2008-09. The college administration is striving hard to provide the best facilities to the students along with the quality education. Every year our students are grabbing 10-12 University ranks. Campus placement rate of our college is also very high.

As per the curriculum laid down by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for T.Y.B.Tech. (Mechanical) (Part-II), the subject of '**Plastic Engineering**' include industrial visit. In the processing of same, our third year students are interested to visit your esteemed Industry, which is under your supervision. Kindly grant permission **for 6 Faculty members** along with the **117 students** to visit your place on **28/04/2024.**

We will remain grateful to you if give chance for industrial visit.

Thanking you,
Yours faithfully,

Head
Department of Mechanical Engineering,
SVERI's COE, Pandharpur.

7. JIJAI Industries, MIDC Waluj, Ch. Sambhajinagar
8. Solar Power Plant, Dr. Babasaheb Ambedkar Sahakari Sakhar Karkhana, Keshegaon, Dharashiv

Date of Visit: 10th March to 12th March 2024.

Respected Sir,

As per the curriculum laid by Punyashlok Ahilyadevi Holkar Solapur University, Solapur for S.Y. B.Tech Mechanical Engineering Semester-II Manufacturing Technology and Power Plant & Energy Engineering subject include industrial visit. In this regard 92 students along with 06 faculty members visited to Pravin Engineering, Wadgaon, MIDC Waluj, Ch. Sambhajinagar, Gajanana Industries, Wadgaon, MIDC Waluj, Ch. Sambhajinagar, Marathwada Auto Cluster, MIDC Waluj, Ch. Sambhajinagar, Roof Top Solar Power Plant, Marathwada Auto Cluster, MIDC Waluj, Ch. Sambhajinagar, Ajinkya Industries, Wadgaon, MIDC Waluj, Ch. Sambhajinagar, MASSIA Industries, MIDC Waluj, Ch. Sambhajinagar, JIJAI Industries, MIDC Waluj, Ch. Sambhajinagar, Solar Power Plant, Dr. Babasaheb Ambedkar Sahakari Sakhar Karkhana, Keshegaon, Dharashiv on 10th & 12th March 2024.

During visit we had seen various machine & manufacturing processes and Power Generation using Solar Power Plants. From these visit students got practical knowledge about various machining processes and Power Generation using Renewable energy sources.

This is for your kind information and further needful process.

Thanking you,

(Mr. A. K. Parkhe)	(Mr. P. B. Asabe)	(Dr. A. P. Kene)	(Dr. S. B. Bhosale)

Subject: Permission for Industrial Visit of Second Year B.Tech. (Mechanical Engg.)

Respected Sir,

As per the curriculum laid down by PAH Solapur University, Solapur for Second Year B.Tech.(Mechanical Engg.) (Part-II), the subject of 'Power Plant & Energy Engineering and Manufacturing Technology' include industrial visit. In the processing of same, we have sent letter/mail related to Pravin Engineering, Ch. Sambhajinagar, Marathwada Auto Cluster, Ch. Sambhajinagar, Roof Top Solar Power Generation Unit, Marathwada Auto Cluster, Ch. Sambhajinagar, MASSIA Industries & JIJAI Industries, Ch. Sambhajinagar asking permission to visit industry. In response, permission is granted by the same on 10/03/2024 to 12/03/2024.

We request you to grant us the permission to arrange visit of Second Year B.Tech. (Mechanical Engg. Dept.) on 10/03/2024 to 12/03/2024.

Thanking you.

Dear Sir,

Hope this letter finds you in good health and pleasant mood.

First of all, we wish to put forth a few words regarding our College SVERI's College of Engineering, Pandharpur. Ours is a NBA, NAAC A+ accredited and an ISO 9001:2015 certified Engineering College located in Pandharpur, the "South Kashi" of India and "Spiritual capital" of Maharashtra. "Shri Vitthal Education & Research Institute ", Pandharpur, the trust established by a group of qualified and experienced Technocrats.

As per our S.Y. B.Tech. Mechanical Engineering syllabus of subject: Manufacturing Technology, we want to organize a visit to your well reputed industry, Pravin Engineering, Waluj MIDC, Ch. Sambhajinagar for getting knowledge about various machining process and CNC/VMC. Our S.Y. B.Tech. Mechanical Engineering students are nearly 92 and 06 faculty members, who are willing to visit your esteemed industry. So you are requested to permit our S.Y. B.Tech. Mechanical Engineering students on date10/03/24.

I hope this message finds you well. I am writing on behalf of SVERI'S COLLEGE OF ENGINEERING, PANDHARPUR requesting permission for a group of our college students to visit at your esteemed company. Our college is committed to providing practical exposure to our students, and we believe that a visit to Auto Cluster would be an invaluable learning experience for them. This visit would offer them insights into the workings of a successful company and the opportunity to interact with industry professionals.
Here are some details about the proposed visit:
Date and Time:11/03/2024 at 10 am
Number of Students:92
Faculty Supervision:
1. Dr. N.U. Kautkar
2.Mr. P.B.Asbe
3. Mr. A.K.Parkhe
4. Mrs. S.M. Vasekar
Purpose: To gain practical insights into various Manufacturing Process and operations, industry trends, and career opportunities.
We assure you that the visit will be conducted with the utmost respect for your company's policies and guidelines Our students will adhere to any security or confidentiality requirements that your company may have.
We kindly request your consideration of this request, and if you require any further information or have specific requirements for the visit, please do not hesitate to contact us.
Thank you for considering our request, and we look forward to the possibility of our students visiting your company
Sincerely,

Hope this letter finds you in good health and pleasant mood.

First of all, we wish to put forth a few words regarding our College SVERI's College of Engineering, Pandharpur. Ours is a NBA, NAAC A+ accredited and an ISO 9001:2015 certified Engineering College located in Pandharpur, the "South Kashi" of India and "Spiritual capital" of Maharashtra. "Shri Vitthal Education & Research Institute", Pandharpur, the trust established by a group of qualified and experienced Technocrats.

As per our S.Y. B.Tech. Mechanical Engineering syllabus of subject: Manufacturing Technology, we want to organize a visit to your well reputed industry, **JIJAI Industries**, Waluj MIDC, Ch. Sambhajinagar for getting knowledge about various Machines & process and various advanced machines. Our S.Y. B.Tech. Mechanical Engineering students are nearly 92 and 06 faculty members, who are willing to visit your esteemed industry. So you are requested to permit our S.Y. B.Tech. Mechanical Engineering students on Date 11/03/2024.

Yours faithfully,

(Dr. S. B. Bhosale)

Date: 05-FEB-2024

TO WHOM IT MAY CONCERNS

This is to certify that

Ishwari Chandrashekhar Takankar

student of Shri Vithal Education & Research institute's College of Engineering Pandhapur

has successfully completed industrial training from **22 -JAN-2024 to 05-FEB-2024**

at

Kanaad Electromation Solutions Pvt. Ltd. Sangli (MH).

Her training activity includes familiarization to all departments ,their operations, their process and their management overview involved with the production process of the company. She had majorly involved in an activity of **Electronic Circuit soldering, PCB testing, and calibration of products & 8051 microcontroller based system development**

During this period of her training with us she had been exposed to different process and was found punctual, hardworking. We wish her every success in her life and carrier.

Vocational Training Report

At

"Maxgen Technologies Pvt. Ltd"

Pune

Submitted By,

Mr. Lingade Karan Anil

TY (E&TC)

Roll No: A-49

College of Engineering, Pandharpur

Department of Electronics and Telecommunication Engineering

Punyashlok Ahilyadevi holkar Solapur University, Solapur Academic

Year: 2023-24

SVERI'S COLLEGE OF ENGINEERING, PANDHARPUR

Certificate

This is to certify that **Mr. Lingade Karan Anil** studying in **TY(E&TC)** has successfully completed the vocational training of 15 days at **"Maxgen Technologies Pvt. Ltd, Pune"** and submitted the report to the Department of Electronics & Telecommunication Engineering.

Guide	**Coordinator**	**HOD**
Mr. A. A. Garad	Prof. M. S. Biswas	Dr. Mrs. M. M. Pawar

Date:

Place: Pandharpur

Maxgen Technologies Pvt.Ltd

Date:08 Feb 2024

PROJECT COMPLETION CERTIFICATE

This is to certify that **Mr. Karan Anil Lingade, pursuing B. Tech in Electronics & Telecommunication Engineering**, is a student in the 5th semester at Shri Vitthal Education & Research Institute, Pandharpur. He has successfully completed his technical project work in our organization under the esteemed guidance and technical support of Senior Developer, Mr. Amit Dighe, towards the fulfillment of his **B. Tech**.

Project name: **Student Management System**

Technology- **Advance Java (Spring MVC & Spring Boot)**

He has successfully completed his Project. During the period he was sincere, hardworking & fully devoted to project.

We wish him all success for his future career.

Sincerely,

Maxgen Technologies Pvt Ltd

Mr. Amit Dighe,
Java Backend Developer | Expert in Spring Boot,
Project Guide,
Maxgen Technologies Pvt. Ltd.

ACKNOWLEDGEMENT

I feel happiness in forwarding this Vocational training report as an image of sincere efforts. The success reflects my work and efforts of my guide in guidance. Any successful endeavor requires an opportunity, an opening and proper direction. Such an opportunity was provided to us by **Maxgen Technologies Pvt. Ltd, Pune.**

It is with a great sense of gratitude that I acknowledge the support given to me by number of individuals in the preparation of this report.

I thank to the staff of the company for their kind support and help which proved to be a source of knowledge and addition to the learning of Engineering in a better way. I would like to thank to Prof. **Dr. M. M. Pawar** Head of E&TC Engineering Department and the other teachers whose unending efforts, advise, motivation and encouragement at every step made this work possible. I take this opportunity to also thank Principal of the college for being a source of inspiration for us students.

Lastly, I thank my all friends who have helped directly or indirectly to bring this report to stage of completion.

I am very thankful to **Ms. Sadhana Kokate** (Manager-Human Resource) that he accepted my training request and allowed access to **Maxgen Technologies Pvt. Ltd, Pune.** facilities. In **Maxgen Technologies Pvt. Ltd, Pune,** I was provided with constant encouragement and inputs related to my work. The work, culture and willingness of all officials and staff that helped me in my way possible were truly amazing.

Mr. Lingade Karan Anil
(TY A-49)

Chapter No.1: Introduction

1.1 About Company: Maxgen Technologies Pvt. Ltd

Proprietor: - Mr. Prabhjit Singh and Mrs. Sadhanea Kokate

Maxgen Technologies Pvt. Ltd. (MNC) in Pune, Navi Mumbai, Ahmedabad & United States of America, is your top choice for professional WordPress development, website design, SEO, and digital marketing services. They have set ourselves apart from the competition thanks to our understanding of the demands of the Indian market that we have amassed through years of experience in the IT industry. They provide specialized Android application development services in India's Ahmedabad, Navi Mumbai, and Pune.

WordPress, web design and development, mobile app development, E-Commerce development, logo and graphic design, web support and maintenance, etc., are all services we provide. Every company need a website that will serve as a salesperson. A well-designed website pulls in new customers and specialty visitors. Your website should draw visitors if you want to help your business grow. Use our specialized web development services to create a stunning website that will draw in some potential customers.

Additionally, They provide an internship program to help you accept and use your abilities while working with us. You'll get the chance to work on various projects and gain invaluable experience that will undoubtedly benefit your future career.

They are a full-service web design and development company that provides services for creating websites, logos, graphics, and software. Designing E-Commerce websites and boosting conversion rates for online merchants are areas in which we are specialists. They also offer hosting domain administration & support services in India.

1.2 Scope of Training

It hepls to work in App Developement industray,Servics industray, Web Development industary, Logo designing, Bank management System and Database connectivity for various Application.

Chapter No.2: Company/ Industry Product

Svervices:

- Web Design and Development.
- App Development
- Logo Design & Graphic Design
- Support & Maintenance (Web & Android)
- E-commerce Web Development.

Internship offerings:

- Python Django
- Machine Learning & Data Science
- PHP Web Development
- Java
- React JS
- Android
- Software Testing
- Flutter
- AWS Solution Architect

Product 1: Maxgen Logo Design

A logo is a visual representation of a company, and it serves as an emblem of its identity. A well-designed logo can create a strong impression on the customers' minds and can help a business stand out in the competitive market. It is the first thing that potential customers notice about a company and can influence their decision to do business with them.

Logos are also like the mascot of your company, visually communicating your brand's personality, values and core messages at just a glance. This first impression has the ability to mould how the viewer thinks about your brand from that point forward. Logos also serve as the cornerstone around the rest of your visual branding—such as your website and business card.

A lot of the information you'll need should be in the design brief. But there are always

Figure 1: maxgen logo

clients who can't articulate what they want or don't know themselves, and it is up to the designer to draw this information out. And even in the case of the most detailed, well-composed briefs, designers should probe deeper—explore how the client really feels about their business and the awesome work that they do in words that go beyond the official corporate statement. Every bit of insight you can get into the company and the people that comprise it will contribute to the success of your design in the long run.

What are the 7 steps to design a logo? —

Step 1: Evaluate the brand

Step 2: Research the industry

Step 3. Make a list of where the logo will be used

Step 4. Sketch a variety of logo concepts

Step 5. Create digital drafts in vector software

Step 6. Refine your logo design with feedback

Step 7. Prepare and deliver the final logo files.

Product 2:Temperature Converter Website

This make a simple yet attractive temperature converter website using HTML, CSS, and JavaScript as a next step.

It will involve validation of the user input, using the dropdown menu to know if the input

is celsius or Fahrenheit. You can add more functionality to it. This website is avalibale on the google this is very helpful for tempture covertor. Celsius is a standard unit of temperature on

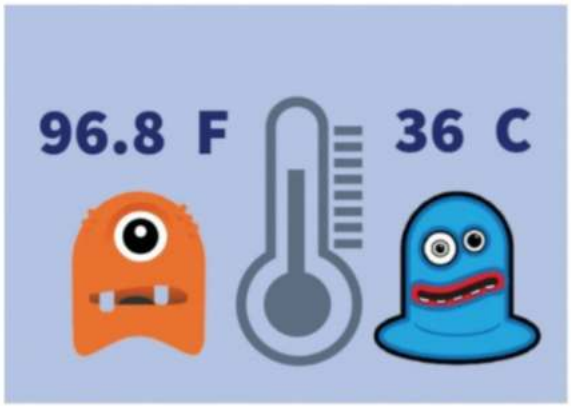

Figure 2: tempture convertor

the Celsius scale, is represented by the °C symbol. Fahrenheit uses the degree Fahrenheit as the unit is represented with the °F symbol. Kelvin is an internationally recognized standard for scientific temperature measurement. It is an absolute temperature scale that is obtained by shifting the Celsius scale by 273.15°, in order to coincide the absolute zero to 0K.

Formula for converting Kelvin scale to Celsius scale and Fahrenheit scale:

T(°C) = (T(°K) - 273.15

T(°F) = (T(°K) - 273.15) * 9 / 5 + 32;

Input: 0 in Celsius

Output: 32 in Fahrenheit and 273.15 in Kelvin

Input: 0 in Fahrenheit

Output: -17.78 in Celsius and 255.37 in Kelvin

Input: 0 in Kelvin

Output: -273.15 in Celsius and -459.67 in

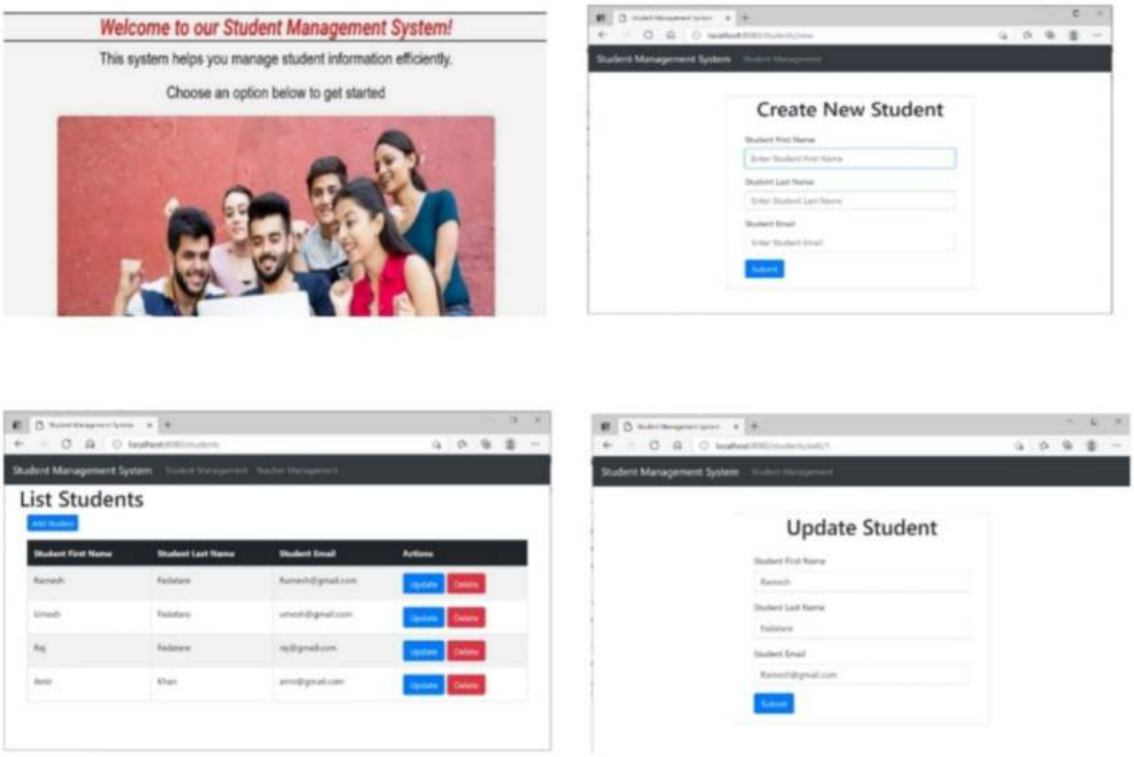

Figure 3: OUTPUT

Chapter NO.4: Advantages and Disadvantages:

Advantages:

1.Gain insights into the core of the software industry, particularly in Java development.

2.Ideal for individuals eager to expand their knowledge in Java programming, especially in advanced topics.

3.Acquire proficiency in utilizing Java Database Connectivity (JDBC) for seamless interaction with databases.

4.Master Hibernate, a powerful ORM (Object-Relational Mapping) framework, enabling efficient mapping between Java objects and database tables.

5.Learn Spring Boot, a popular framework for building Java applications with minimal configuration, enhancing productivity and scalability.

6.Understand REST API development using tools like Postman, facilitating the creation and testing of robust web services.

7.Develop skills in designing and implementing complex software systems using Java technologies.

8.Gain practical experience in industry-standard Java development practices, preparing for real-world software projects.

Disadvantages:

1. Requires a solid understanding of the fundamentals of Java programming.

2. Constantly evolving technology landscape may necessitate regular updates and learning to stay abreast of the latest advancements.

3. Some advanced concepts, such as handling complex data structures or optimizing performance, may create challenges for learners.

4. Practical implementations may sometimes deviate from theoretical expectations, especially in complex software systems.

5. Availability of desired components or libraries may vary, impacting the implementation of certain features or functionalities.

Chapter No.5: Applications

1. Software Developer:

Candidates equipped with training in advanced Java concepts can pursue roles as software developers. They can contribute to designing, developing, and maintaining robust Java-based applications, leveraging their proficiency in JDBC, Hibernate, Spring Boot, and REST API development.

2.Database Engineer:

Individuals with expertise in JDBC and Hibernate are well-suited for database engineering roles. They can design and optimize database schemas, develop data access layers, and ensure efficient data retrieval and storage mechanisms within Java applications.

3. Full-Stack Developer:

Training in Advanced Java Concepts prepares candidates to become proficient full-stack developers. They can integrate Java backend systems with frontend technologies, design RESTful APIs for seamless communication between server and client, and ensure end-to-end functionality and performance of web applications.

4. Java Architect:

Professionals with in-depth knowledge of Java frameworks like Spring Boot and Hibernate can excel as Java architects. They can design scalable and maintainable architectures, define best practices for Java development, and provide technical leadership in guiding the implementation of complex software solutions.

5. Quality Assurance Engineer:

Candidates trained in REST API development using tools like Postman can pursue careers in quality assurance and testing. They can design comprehensive test suites to validate the functionality and performance of RESTful services, ensuring the reliability and stability of Java-based applications.

Chapter NO.6:Glimpses:

Conclusion

In conclusion, training in Advanced Java Concepts offers a multitude of career opportunities and pathways for individuals passionate about software development and technology. From software development and database engineering to quality assurance and system integration, the skills acquired through this training empower professionals to thrive in diverse roles across the IT industry.

The applications of Advanced Java Concepts extend beyond traditional job titles, enabling individuals to explore entrepreneurship, consultancy, and technical leadership roles. With expertise in JDBC, Hibernate, Spring Boot, and REST API development, candidates can contribute to building scalable, robust, and innovative Java-based solutions that address evolving business needs and technological challenges.

As the demand for skilled Java professionals continues to rise, individuals equipped with training in Advanced Java Concepts are well-positioned to embark on rewarding career journeys, driving innovation, and making meaningful contributions to the ever-expanding realm of software development and technology. Embracing continuous learning and staying abreast of emerging trends and technologies will further enhance their professional growth and success in the dynamic landscape of the IT industry.

STPL Softview Technologies Pvt.Ltd.

INTERNSHIP CERTIFICATE

Date: 09/05/2024

Name	: Mr. Sagar Gurappa Waghmare
Course	: B. E (Electrical Eng.)
Institute	: SVERI'S College of Engineering Pandharpur
Type of Training	: Internship
Place of Training	: Softview Technologies Pvt. Ltd- Pune
Period of Training	: 9/2/2024 - 9/05/2024
Performance	: Excellent
Conduct	: Good
Attendance	: No. of Scheduled Working Days - 90 No. of Days Attends Training – 87

Brief description of training

- Overview of the working flow chart and components like Contactor, MPCB, Relays, MCCB, etc.
- This includes material issuance, wiring, IFAT, EFAT, dispatch, etc.
- Overview of Panels, PLC Manufactures. Basic of PLC, HMI, SCADA.
- Introduction to SOP, Cable selection, Switchgear overview.
- Explanation of GA, SLD, ED, and related software.
- Types of starters and their control.
- Power wiring for starters.
- Panel test details.

Training Report : Good

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Mr. Aman Anwarhusen Shaikh from SVERI's College of Engineering Pandharpur has successfully completed an internship at Advik Hi Tech Pvt. Ltd. from 1st February 2024 to 30th April 2024.

During the internship period he was engaged in various tasks and responsibilities related to the manufacturing processes of automotive components and was found punctual and hardworking.

We wish him all the best in his future endeavors.

Date: 08/05/2024

To Whomsoever It May Concern

This Is to Certify That, **Ms. Monika Mohan Salunkhe** the Student of **shri Vithal Education and research institute collage of Engineering pandharpur,** Has Successfully Completed her internship under supervision of experience Lead at SysTech Solutions in duration of 22nd Jan 2024 to 22nd April 2024.

With Reference To the Partial Fulfilment of the Requirement of the B.Tech Degree Course of **Punyashlok Ahilyadevi Holkar Solapur University.**

During the period of her internship program with us she found Punctual & Hardworking.

We Wish her the Very Best in All her Future Endeavours.

Thanking You

All the T.Y. B.Tech Civil Students are hereby informed to note that, as per PAHSUS curriculum you should undergo a **field training** of 15 days in the summer vacation after T.Y. B. Tech. Part I. The training report shall be assessed in Third Year B.Tech. Part -II by the concerned faculty associated with 'Principles of Management and Quantitative Techniques '.

Note:

1. The training is to be attended from last paper of TY Sem I to next fifteen days . The necessary letter will be issued to Industry Concern by undersigned, if a student approaches the Department.

2. Everyone must submit the report of the training in the attached format at the start of **Semester-II** of Third Year B. Tech.

HOD Civil Engg.

Certificate of Internship

Date: 08.01.2024

This is to certify that **Mayur Vishal Shende** has successfully completed an internship at T and T Infra Ltd., Pune, during the period from 25/01/2024 to 04/05/2024.

Throughout his internship, he exhibited exceptional technical skills and professionalism while working on the site of National Highway -965. His dedication, attention to detail, and commitment to excellence were evident in every aspect of his work.

He demonstrated a profound understanding of the technical aspects related to infrastructure projects, particularly in the context of National Highway-965. His contributions were invaluable to the successful execution of the project, and he consistently displayed a proactive approach in tackling challenges.

We commend Mayur Vishal Shende for his exemplary performance and dedication during his internship with us. His professionalism, enthusiasm, and willingness to learn have been truly commendable.

ACKNOWLEDGEMENT

We are pleased to acknowledge Prof. Shaikh M.Y. (HOD, MCA) sir for his valuable guidance during the course of this project work. We extend our sincere thanks to all guidance. Who continuously helped us throughout the project and without his guidance, this project would have been an uphill task. We are also grateful to other members of the MCA faculty members and technical staff who cooperated with use regarding some issues.

ACKNOWLEDGMENT

Apart from individual efforts, the success of any project depends largely on the encouragement and guidelines of many others. We take this opportunity to express our gratitude to the people who have been instrumental throughout the project work..

It is our privilege to express our gratitude towards our project guide, Ms. P. M. Thakare for their valuable guidance, encouragement, inspiration and whole-hearted cooperation throughout the project work. We thank him for being a motivation through all our highs and importantly, our lows.

We deeply express our sincere thanks to our Head of Department Mr. M. Y. Shaikh for encouraging and allowing us to present the project on the topic "E-Kisan Store" and providing us with the necessary facilities to enable us to fulfill our project requirements as best as possible. We take this opportunity to thank all faculty members and staff of Department of Master of Computer Applications, who have directly or indirectly helped our project

We pay our respects to honourable Principal Dr. B. P. Ronge for their encouragement. Our thanks and appreciations also go to our family and friends, who have been a source of encouragement and inspiration throughout the duration of the project.

Acknowledgement

We are pleased to acknowledge **Mr. M.Y.SHAIKH** (HOD MCA) sir for his valuable guidance during the course of this project work. We extend our sincere thanks to **Mrs. V.D. BARALE** (Project Guide) who continuously helped us throughout the project and without his guidance, this project would have been an uphill task.

We are also grateful to other members of the MCA faculty members and technical staff who cooperated with us regarding some issues.

I would also like to thank my parents and friends who helped me a lot in executing this project within the limited time frame.

ACKNOWLEDGEMENT

Apart from individual efforts, the success of any project depends largely on the encouragement and guidelines of many others. We take this opportunity to express our gratitude to the people who have been instrumental throughout the project work.

It is our privilege to express our gratitude towards our project guide, Ms.A.G.Survase. for their valuable guidance, encouragement, inspiration and whole-hearted cooperation throughout the project work. We thank him for being a motivation through all our highs and importantly, our lows.

We deeply express our sincere thanks to our Head of Department Mr.M.Y.Shaikh. for encouraging and allowing us to present the project on the topic "Online Art Gallery Portal " and providing us with the necessary facilities to enable us to fulfill our project requirements as best as possible.

We pay our respects to honourable Principal Dr.B.P.Ronge for their encouragement. Our thanks and appreciations also go to our family and friends, who have been a source of encouragement and inspiration throughout the duration of the project.

Acknowledgement

Apart from individual efforts, the success of any project depends largely on the encouragement and guidelines of many others. We take this opportunity to express our gratitude to the people who have been instrumental throughout the project work.

It is our privilege to express our gratitude towards our project guide, **Mr. A. D. Raut** for their valuable guidance, encouragement, inspiration and whole- hearted cooperation throughout the project work. We thank him for being a motivation through all our highs and importantly, our lows.

We deeply express our sincere thanks to our Head of Department **Mr. M.Y. Shaikh** for encouraging and allowing us to present the project on the topic "**Food Delivery Website**" and providing us with the necessary facilities to enable us to full fill our project requirements as best as possible. We take this opportunity to thank all faculty members and staff of Department of Information Technology, who have directly or indirectly helped our project.

We pay our respects to honorable Principal **Dr. B. P. Ronge** for their encouragement. Our thanks and appreciations also go to our family and friends, who have been a source of encouragement and inspiration throughout the duration of the project.
