**Activity Outcome:**

- Students understood the consequences and harmful effects of ragging; they are more likely to refrain from participating in such activities.
- Creating awareness and fostering a culture of respect and empathy can go a long way in preventing incidents of ragging and ensuring a safe and conducive learning environment for everyone.
- It's also beneficial that the session was interactive, allowing students to ask questions and clarify any doubts they might have. Open communication channels like these can bridge the gap between students and faculty, making it easier to address concerns and maintain a safe and inclusive environment for everyone.
