#### ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Punyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

#### ABOUT THE PROGRAM

To teach, we must know ourselves. Walking into the classroom each day is an enormous act of courage. To face the turbulent emotions, hormones, and disparate wants of dozens of students at once. To guide and nurture each one of these blossoming individuals while not losing oneself. How can we see to the heart of a student, guide them to find their path, face a conflict with compassion, or engage with students who are different from us if we don't know ourselves.

researchers stresses the importance of self-reflection in developing your own unique teaching style. For example, for developing your own individual style, one must ask yourself, "Are you fierce, funny, or gentle? Do you lecture, question, or coach

#### ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Punyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

#### ABOUT THE PROGRAM

NLP uses perceptual, behavioral, and communication techniques to make it easier for people to change their thoughts and actions.

NLP tries to detect and modify unconscious biases or limitations of an individual's map of the world it operates through the conscious use of language to bring about changes in someone's thoughts and behavior

NLP is used as a method of personal development through promoting skills, such as self-reflection, confidence, and communication.

Practitioners have applied NLP commercially to achieve work-orientated goals, such as improved productivity or job progression.

#### ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Punitashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

#### ABOUT THE PROGRAM

The skills needed for effective teaching involve more than just expertise in an academic field. You must be able to interact with people and help them understand a new way of looking at the world. This is not an easy job! Although there are many different ways to teach effectively, good instructors have several qualities in common. They are prepared, set clear and fair expectations, have a positive attitude, are patient with students, and assess their teaching on a regular basis. They are able to adjust their teaching strategies to fit both the students and the material, recognizing that different students learn in different ways

#### ABOUT THE INSTITUTE

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998. approved by AICTE, New Delhi. It has been affiliated to Panyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

#### ABOUT THE PROGRAM

A short meditation practice can help you calm your nerves before a big meeting or event. It can help assuage doubts and ground you into the present moment, which is where you are alive, after all. However, it can often be difficult to detach yourself while guiding your own meditation, which is where the following scripts can help. You can either use this in a class or meditation group, or you can record them for yourself and use them when you need to calm down. Mr. Kamlesh D. Patel, spiritual guide and global head teacher of Heartfulness Meditation.

**ABOUT THE INSTITUTE**

Pandharpur is well known holy place for Lord Shri Vithal temple. It is recognized as Spiritual capital of Maharashtra and popularly known as 'South Kashi' of India. Shri Vithal Education and Research Institute (SVERI) is a charitable trust formed by devoted technocrats and established its first project as College of Engineering Pandharpur in 1998, approved by AICTE, New Delhi. It has been affiliated to Panyashlok Solapur University, Solapur. The Engineering College is ISO 9001:2015 Certified, accredited by Institute of Engineer (India) Kolkata, 'NAAC' and 'NBA'

**ABOUT THE PROGRAM**

As a teacher, you are a role model who sets the tone for the class. If you are able to show enthusiasm and commitment, your students are more likely to reciprocate. Conversely, when you are negative, unprepared, or impatient, these qualities will be reflected in the attitudes of your students. Undergraduate students have high expectations of their instructors, and they also have many competing interests beyond the course you are teaching. Give them a reason to remember your class as an important part of their college experience!

### Students' Attributes Facilitated by The Institution

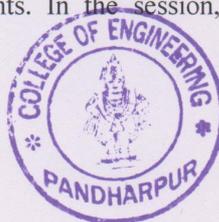

Students' attributes are facilitated by the Institution by the following ways:

1. By considering student attributes & expected skills in students, Unique Educational pattern known as Pandharpur Pattern in Professional Education (PPPE), is designed after through discussion on students attributes & it is implemented strictly.
2. Pandharpur Pattern is an integration of study approach by students, students' overall development, teachers' development, teaching approach by the teachers. Students overall development is key point of this document. It is concerned with overall academic and competitive development of the students. Guidelines for enhancing study skills of students are elaborated in this document.
3. Induction program is conducted for first year students & their parents before the commencement of academic classes annually in which they are informed about code of conduct of the institute & PPPE pattern. Different policies of the institute are brought to the notice of parents & students through various presentations by principals, Deans and HoDs. Special Address by Principal is key part of this programme.
4. For personality development of students, special classes like communication skills and personality development classes are arranged for students. Different trainings of imminent trainers are arranged for students. Also different sessions are arranged to make the students aware about overseas higher education. To make the students competent for competitive exams, various sessions are arranged by experts.
5. To increase the creative thinking, various skill courses are conducted for students. Activities like quizzes and think an Idea contests are conducted in the institute to allow the students to think out of box.
6. To get value addition, various Value added courses, Remedial and Technical Skill development courses are conducted.

7. Entrepreneurship of students is facilitated through Entrepreneurship Training and Skill-Based Education that emerges through the planning and conducting of the curriculum and extracurricular activities.
8. To enhance educational knowledge, special guest lectures, workshops from eminent speakers from reputed institutes and industries are arranged on regular basis to improve technical skills of the students. Through this, students get opportunity to learn new things, get exposure with real world. Innovation Council Cell is established through which students get project ideas from the experts.
9. To upgrade the knowledge of students, use of ICT material and Virtual Lab is implemented as a part of academics.
10. To increase the Employability of students, various Placement and Interview Facing Training are conducted for students. In order to make the students ready for interviews and industries. This helps students in realizing their caliber and to increase self esteem.
11. In order to bridge the academic and industrial gaps, industrial and internship programs are conducted. Industrial Visits are arranged for students to get different outlook of work forces & to understand the practical things required. Financial support is provided to students for Industrial Visits.
12. To imbibe the research culture in students, they are motivated to attend the different workshops, present papers in conferences. For this financial support is provided to students.
13. Institute's culture of respect & discipline helps to students, to build core values in themselves. To enhance the team building activities different Students' Association are formed like ELITE, MESA, CESA through which the various activities are carried out to enhance the technical skills & overall personality development of students. It also helps to build the management skills in students.  
Through technical festivals, students are made to indulge in conducting and organizing departmental activities like workshops, festivals.
14. To increase societal outreach, various awareness programs like gender equality, environmental cleanliness, etc. are conducted on regular basis. Students are motivated for Social activities through NSS, Students Clubs & performing activities like water distribution, police Mitra, blood donation camps. Students are accompanied by faculty members during these activities. At the start of every academic year, anti-ragging session is arranged for students. In the session, students are made aware about
